J. M. Arnette read the report of the Ministers' Relief Board. (See Appendix C.)

Walter N. Johnson read the following report of the Committee on Applied Stewardship, which, on motion of Chas. E. Maddy, after discussion, was adopted.

SCHOOL OF APPLIED STEWARDSHIP.

We believe that in a Course of Study, scheduled in co-operation with Industry, and taught in the vacant Sunday-school rooms of our churches throughout the week, *which both drills the principles of Stewardship into the character and increases the earning capacity* of our people there are great possibilities for the development of Christian character and for the increase of financial support of Christian work. If the underlying principles of this plan are sound, it can be demonstrated. Then the plan can be varied to fit into local conditions around any church and applied in any situation ranging from a once-a-month church in the country with a class in Agriculture and Stewardship meeting three times a week to a strong church in a large city with classes covering courses in all the commercial and industrial lines in which sufficient number of people are engaged around the church to support them and taking all the courses in Christian Culture necessary to the fullest life and activity of the church clear up to the proportions of a part time university of Christian Industry.

Working out this plan is essentially an enlargement and extension of the Sunday school as we now have it at work in our churches. The Sunday school now teaches the Bible (1) on Sundays, (2) in its theological settings, (3) by volunteer teachers. This should be increased; it is fundamental. But in the Part-Time School of Christian Industry we should aim to teach the Bible, (1) throughout the week, (2) as applied in the commercial and industrial processes in which the church members earn their living, (3) by teachers trained for their work and paid for their service, (4) thus co-ordinating the teaching work of the local church with the daily schedule of factories, farms, stores and homes around it, and (5) enabling the church to teach in the community those subjects which the State cannot teach, such as the Bible, theology,

which is the interpretation of the Bible, Christian Sociology, which is the social application of theology, and Christian Stewardship of Wealth, which is the economic aspect of Christian Sociology. We commend this work to the careful consideration of our Sunday School Board.

Can such a plan be worked out? Theory and discussion can never answer that question; it will require a demonstration to answer it finally. And this is entirely worth an experiment. Once demonstrated in one church, it should spread of its own vital simplicity to other churches.

The task of this demonstration should be taken up jointly by the Baptist Convention and a local Baptist church. And it seems, for at least three reasons, that the Convention will have to take the initiative in such a demonstration: (1) It appears that the plan will likely have to be worked out in a weak church, in that the best conditions for starting it is in a church in some new industrial center composed largely of those who have to earn their living at daily work. (2) The plan is projected in the interest of the larger work of the Convention, rather than that of the local church. (3) The first school demonstrating these principles will require select students in its classes whom one local church could not furnish in sufficient numbers to pay expenses of the work, thus making it necessary for the Convention to assist in getting the students together for the initial trial of the plan.

In view of these considerations, we recommend as follows:

1. That a contingency fund at least sufficient to guarantee the salary of one Christian educator from the time arrangements are made for starting this work and the expenses of necessary investigation and publicity be set aside each year jointly by the Board of Education and the Board of Missions, asking Sunday School Board to help in this, for aid in sustaining this Part-Time School of Christian Industry during its infancy; that the church domiciling the School of Christian Industry be required by agreement to furnish it recitation rooms free of cost and to put into the school for the free tuition of Stewardship students an amount each month at least equal to two-thirds of the total regular contributions of tithing stewards who come into its membership from other Baptist churches expressly for the benefits of the School of Christian Industry; that members of churches of other denominations be invited to participate in the School of Christian Industry on condition that they give at least one-tenth of their income to religious work regularly and their churches remit monthly two-thirds of their contributions for the support of the School of Christian

Industry, so long as they remain students of the institution; that students paying their tuition be allowed to enter the School of Christian Industry, provided they agree to study faithfully the prescribed courses of the School in Stewardship and Christian Culture. On these terms we believe that in a very few years this work can be made self-supporting and self-propagating.

II. That in the interest of this School of Christian Industry arrangements be made for the pastor of the church in whose building this school is housed to give as much time as can be spared from his pastorate to the field in churches, conferences of pastors, protracted meetings, schools, meetings of business people, industrial clubs, chambers of commerce, district associations, etc., speaking on Stewardship Education, the Baptist 75 Million Campaign, and other matters of the larger Baptist work ahead.

III. That a committee of five be appointed by this Convention to work with a committee of the church in which the School of Christian Industry is domiciled in starting and operating this school, and that this committee be instructed to assist said church in starting and operating the school any time during this Convention year, that in its judgment it becomes practicable to do so.

IV. That this committee be also instructed to investigate thoroughly the feasibility of getting manufacturers of textile machinery and textile concerns using their machinery to form a corporation for operating a Textile Training Mill in connection with the School of Christian Industry, running primarily for the training of textile workers for co-operating with mills, and secondarily for immediate profits; also to investigate other lines of industry likewise as far as practicable.

V. With reference to the location of this School of Christian Industry, we would submit the following facts and recommendation:

Badin, N. C., and the historic old Ebenezer Church at that place offer unusual advantages for such a school, for these reasons:

1. It is an eight-hour town; this fits in with the Part-Time Schedule of the school.

2. The magnificent, convenient, three-story building projected by the Ebenezer Church, and now at least half completed, in the center of a lot of over two acres in the heart of the town, seems by accident or providence both located and planned for the work of such a school.

3. Badin is an industrial center which the Y. M. C. A. has never entered; the School of Christian Industry will have an open field here.

4. Badin and environs have great industrial possibilities. With

immense local waterpower developed and still developing, already in touch with Southern power lines, on a direct freight route between the coal fields and the seaboard, entered by or closely connected with all five of the great railroad systems of the South Atlantic States, unusually healthful with the most beautiful scenery between the Blue Ridge and the Atlantic, this vicinity is likely destined to be the Pittsburgh of the South.

5. We have assurance of the active, unreserved co-operation of the Tallassee Power Company, branch of the Aluminum Company of America, employing at Badin, in normal operation about sixteen hundred men, with larger plans for the future, which we attach as part of this report.

6. Badin is now in process of reorganizing itself out of the general industrial collapse of the times and offers just at this time the chance for us to build the School of Christian Industry into its industrial life.

But great as are the possibilities of Badin, it is now deeply depressed. It is a one-industry town, and that one industry is still 75 per cent. shut down. No community in North Carolina has likely been so hard hit as Badin. On account of this situation, the School of Christian Industry has not been started there this year. Yet there are fundamental facts that make the industrial revival of Badin certain in the near future and practically assure the coming of other industries into the community.

In view of these facts, we recommend that the Ebenezer Church, Badin, N. C., be tentatively selected by the Convention as the place for a School of Christian Industry; that the Board of Missions be asked to continue aid to the Ebenezer Church for its regular work in as small amount as will enable that little scattered church to hold together through its present sore trials; that if the committee should come to feel that the Ebenezer Church cannot do an effective part in the support of the School of Christian Industry, or that the members of the Ebenezer Church are not practicing Stewardship sufficiently to make the church a favorable atmosphere for the teaching of Stewardship, or that the industrial situation is not likely to open up at Badin within reasonable time, it shall be instructed to relocate the school with the church offering best advantages for an immediate demonstration of the Part-Time School of Applied Stewardship or Christian Industry.

TALLASSEE POWER COMPANY.

BADIN, N. C., *October 21, 1921*

DR. WALTER N. JOHNSON, Badin, N. C.

Dear Dr. Johnson: Confirming our conversation relative to the program which you have in mind with respect to improving the social and religious welfare of the town, I beg to advise that the Tallassee Power Company looks with considerable favor on the scheme outlined by you and will do everything consistent with the welfare of the industry to help you promulgate this idea.

In the written draft of the program which you left with me, you ask certain specific questions which I take pleasure in answering herewith:

1st. Agree not to discriminate against School of Christian Industry applicants? As I understand your explanation of this question, we will agree not to discriminate against S. C. I. applicants, if such applicants demonstrate their ability to perform the work. From the company's standpoint you understand that it is absolutely necessary that the efficiency of the workman is of vital importance, particularly our industry where so much harm can be done by careless, indifferent or incompetent workmen. As to the efficiency between an applicant and a non-applicant we will give the benefit of the doubt to the applicant until demonstration proves otherwise.

As I explained to you, it will be very difficult to accommodate daily shifts to part-time students, particularly when we are in the season of changing shifts, and also when the total number of applicants exceeds the total number of men necessary for any one shift. Taking the pot rooms as an illustration, each pot room requires approximately five men to a shift. For two pot rooms this would be ten men. If there were twenty applicants during the period we are only operating two pot rooms, it would not be possible to put all the applicants in on one shift. This one feature seems to me to be the only one doubtful of satisfactory solution.

Regarding the third question, we would be glad to permit any employee to teach a class provided it would not seriously interfere with his work, but along the lines outlined by you I do not see why any employee competent to teach should not find ample time to do so. Consequently, the question of using any of our employees to teach a class would be a matter entirely between the church and the applicant up to the point where it interferes with his work.

Regarding the fourth question, I believe it will work to our mutual benefit for the church committee to help in the acquisition

of men for the plant, as we would prefer a man with religious instincts to one without, and correlating this question with the first one propounded I would say that of two applicants for a position, the one professing a desire to become a S. C. I. applicant would have preference over the one refusing to become an applicant, if no other qualification would be apparent to otherwise disbar him.

It would be entirely in accord with our wishes to co-operate with you in bringing the other industries within reach of the training school.

Under the heading co-operating with you by the exercise of moral backing, you may be assured that a strong moral backing will be given your efforts. We agree with you that a thorough spirit of co-operation would be much more effective than a definite contract, and it would be the company's policy to study diligently the spirit and aims of the S. C. I. and endeavor in every way possible to further its aims and interest.

It is also the feeling of the company that the best results will be obtained by fruitful efforts to include all denominations in this work to the end that it would not be considered as denominational from the standpoint of any church. It does seem to the writer, however, that all the churches in Badin would fall into hearty accord with this program and the writer will take pleasure in helping to overcome any theories that might be propounded against it.

Answering the general question which you propounded after the presentation of these written questions, I wish to state there is no question of the future for the Tallassee Power Company. Its future growth will be gradual, but of permanent nature.

For your benefit I wish to state that the sudden and pronounced impetus which characterized the upbuilding of this plant was primarily caused as a result of heavy demands to meet war requirements, and the equally sudden curtailment is nothing more than the aftermath following the armistice due to the indecision of capital in general as to what conditions the future peace program will be built upon. The worst of this aftermath is over from all present signs and barring a catastrophe of equal proportions this company and the town of Badin will enjoy a gradually increasing prosperous condition.

There is no earthly reason why this plant should not run to its full capacity year in and year out, depending only on the power supply to be derived from its hydro-electro developments.

This short history is given to you for the purpose of showing you that the field for the demonstration of your School of Christian In-

dustry plan will have a very much better and ever-increasing productive scope.

Trusting that the above answers your specific questions and clearly illustrates the situation, I am

Yours very truly,

J. E. S. THORPE,
General Superintendent.

William Louis Poteat offered the following resolution, which was adopted, and Brother Poteat was instructed to convey the resolution to Washington:

RESOLUTIONS ON DISARMAMENT.

It is resolved by the North Carolina Baptist State Convention, in annual session at Rocky Mount:

That we protest against the waste, the crime, and the folly of war as a means of settling international disputes.

That the interests of the nations are common and interdependent, not exclusive and antagonistic, and their relations ought, accordingly, to be adjusted on the basis of this controlling fact.

That competition in armaments in time of peace violates this relationship, is in itself a guarantee that the peace will be broken, and makes financial demands out of all reason, handicapping the economic recovery of the world and necessitating a tax burden which the people are not able to bear.

That we commend the wisdom and humanity of the President of the United States in calling the conference on the Limitation of Armaments already in session at Washington, and respectfully petition him and our representatives in the conference to insist that the Christian principles of good will, brotherhood, and justice control its discussions and its agreements.

That we gratefully recognize the boldness, vigor, and promise of the American proposal in the initial session, and seek the Divine blessing upon every succeeding session, to the end that the conference may issue in relief from intolerable financial burdens, in release from the horror of impending war, and in preparing the way for the earlier universal reign of righteousness in the earthly life of man.

WILLIAM LOUIS POTEAT.

THE ECONOMY HOME.

This Orphanage is located at Kings Creek, S. C., and has been administered successfully by a board of trustees, consisting of brethren from both North and South Carolina. Its aim is to provide especially for *motherless* children, chiefly on a pay basis.

At the last annual meeting of the North and South Carolina Baptist State Conventions, two committees were appointed, one representing each Convention, to visit the institution simultaneously and to report to both Conventions a year later.

The committees met at the Economy Home (or Spalding Orphanage) several months ago, made a *careful study* of the local situa

tion and unanimously agreed to make the following report to their respective Conventions:

Whereas the present board of trustees of Economy Home have deemed it wise, and offer to turn the home over to the Baptist denomination in North and South Carolina, the joint committee appointed at the last annual meeting of the North and South Carolina State Conventions recommend:

1. In the interest of the kingdom and denominational usefulness, that the Baptist denomination in the two Carolinas will do well to take over the ownership and administration, conjointly, of the Economy Home, when, in the judgment of the two Conventions, it is wise to do so.

2. Further, we recommend the appointment of a joint committee from the two State Conventions at the annual meetings in 1921, to which committee the matter shall be referred, until in their judgment, it will be wise for them to report to their respective Conventions for final action.

N. C. Committee:

T. J. TRAYLOR,
W. R. BRADSHAW,
R. D. CARROLL.

S. C. Committee:

GEO. W. BUCK,
W. R. BROWN,

C. H. ROPER.

The following trustees, acting as a Committee for the Trustees of the Economy Home, have made an estimate of the assets of the Economy Home and wish to present them to the Conventions as follows:

221 acres of land and 13 buildings	\$32,000.00
Farm machinery, tools, cattle, mules, wagons, house furniture and utensils	3,000.00
	<hr/>
Total assets	\$35,000.00

We think that the above is a conservative estimate.

Editor Livingston Johnson read the report on the Biblical Recorder, which, after discussion by Editor Johnson, G. N. Cowan and J. S. Farmer, was received for information by the Convention. (See Appendix D.)

J. E. Welsh read the following report of a special committee appointed by the Board of Missions on the building of a Baptist Church house at Chapel Hill, which, after discussion by J. E. Welsh, was adopted:

CHAPEL HILL CHURCH.

We have asked Home Mission Board for \$30,000, six thousand each year of the 75 Million Campaign period.

The North Carolina State Board has appropriated \$6,000 per year for five years.

\$12,000 of this has been paid for the lots and architect's plans. The remainder from the North Carolina Board is \$18,000.

We have received from N. C. Alumni and friends \$1,055.

Chas. E. Brewer presented the following report of the Committee on the Report of the State Mission Board, which, after an amendment to the effect that the Secretary of the Board of Missions be added to the Lookout Committee as ex-officio members and as chairman of the committee, and that recommendations, numbers 6 and 11, be deferred till later in this session, was adopted.

ON REPORT OF STATE MISSION BOARD.

Your committee congratulates the denomination, as well as the State Mission Board, on the great report which has been presented to the Convention at this session. We are impressed with the efficiency with which the affairs of the denomination have been administered throughout the year, and rejoice in the evidences of God's favor upon our work.

Your committee recommends for adoption as printed recommendations numbers 1, 2, 3, 4, 5, 8, 9, 10.

We suggest that recommendation seven be modified, so as to provide for the appointment by the President of the Convention, of a commission of eighteen members to study every phase of our Baptist program and policy, and report with recommendations to the next Convention.

For recommendation number eleven we suggest the following: That the Convention appoint a Committee of three to investigate the matter of locating a permanent Summer Assembly in Eastern North Carolina, to act with the Corresponding Secretary of the Convention, the Sunday-school Secretary and the B. Y. P. U.

Secretary, and to report at the next session of the Convention, with propositions and recommendations.

After statements by Chas. E. Maddry and J. J. Hurt in reference to the Baptist Seaside Assembly, on motion of R. J. Bateman, the matter of locating a summer assembly for Eastern North Carolina is made the special order for 7:35 this evening.

On motion, adjourned, after prayer by B. W. Spilman.

WEDNESDAY—EVENING SESSION.

After singing "Am I a Soldier of the Cross" and "How Firm a Foundation," Thos. W. O'Kelley led in prayer, and A. Paul Bagby spoke on "A Promise of Jesus Unto the World," based on Matthew 16:18.

After a violin solo, the special order having arrived, John A. Oates offered the following resolution in reference to the Baptist Seaside Assembly, which had been suggested by Secretary Chas. E. Maddry:

Resolved. 1. That the Baptist pastors of the city of Wilmington be authorized to make all necessary arrangements locally for the holding of the Eastern North Carolina Summer Assembly for the year 1922.

2. That the Corresponding Secretary of the Convention be authorized to arrange all the details of the program.

3. That the President of the Convention appoint a committee of ten to consider the matter of a permanent location for the Eastern Assembly, and report with recommendations at the next session of the Convention.

The resolution was adopted. (See List of Standing Committees.)

Livingston Johnson read the following report on the Southern Baptist Assembly, which, after discussion by Livingston T. Mays, was adopted:

SOUTHERN BAPTIST ASSEMBLY.

Your committee has been informed that the last session was the best in the history of the Assembly. A more elaborate program was put on and the attendance was larger than usual. The registration shows an attendance this year of nearly four thousand.

Dr. George W. Truett was secured for a series of lectures running over a week, and these lectures were largely attended by people from all parts of the State and from other States.

There were other interesting lecturers who occupied the platform during the season.

The women of the South held an interesting meeting which lasted through a week. The attendance was quite good and the interest was sustained from beginning to end.

The Baptist school men of the South also held important conferences at Ridgecrest, and there were perhaps other conferences which we do not recall now.

The Ridgecrest Summer School of Theology was inaugurated last summer. This was affiliated with the Southern Baptist Theological Seminary, at Louisville; the Southwestern Seminary of Fort Worth, and the Baptist Bible Institute, of New Orleans. The school lasted for eight weeks. The classes were taught by Dr. Carver, of the Southern Seminary; Dr. Conner, of the Southwestern Seminary, and Dr. Denham, of the Baptist Bible Institute. Credit was given by all the seminaries affiliating, for work done in this summer school. It is the purpose of the management for the School of Theology to run ten weeks next summer. We believe there are great possibilities for usefulness in the Summer School of Theology.

There has been hanging over the institution for a long time a paralyzing debt. This has all been paid, and it ought to be possible now to make some much needed improvements. Something has been done in the way of beautifying the grounds, and the State Highway has been constructed through the property, putting a hard surface road a few feet from the front of the hotel.

The State Board of Missions paid to the Ridgecrest Assembly in

1920, \$20,000.00, which was reported in last year's minutes; and the Education Board of the Southern Baptist Convention has promised to Ridgecrest \$50,000.00 out of the 75 Million funds. This amount is being paid at approximately \$5,000.00 a year. This is only half the amount due each year, but the Board has not been able to make larger payments up to this time. The Assembly has been owned and controlled by a corporation of individuals, but during the last year a majority of the stock passed to the Education Board of the Southern Baptist Convention, giving that Board the power to name the Executive Committee, and thus the management is brought under direct denominational control.

As the Assembly is now practically under the control of the Education Board of the Southern Convention, we suggest that hereafter any facts in regard to the Assembly which this Convention should know be incorporated in the report of the Education Board of this Convention.

LIVINGSTON JOHNSON,
F. A. BOWER,
Committee.

E. B. Earnshaw, one of the trustees of Wake Forest College E. B. Joyce, Thos. P. Pettus and J. J. Britt. On motion of J. B. Tinsler, their election is confirmed.

C. W. Wilson read the following report on the Board of Education, which was adopted:

BOARD OF EDUCATION.

We, your committee, to which the report on education was referred, beg to report as follows: We have examined the report of your Board of Education and recommend its adoption as presented by them in its amended form.

Except as the Convention elected members of the Board this afternoon, the clause nominating members of the Board is stricken out.

C. W. WILSON,
JOEL S. SNYDER,
R. J. BATEMAN,
K. R. CURTIS,
W. A. SMITH,
R. G. KENDRICK.

C. W. Wilson offered the following resolution, which was adopted:

ENLARGED PROGRAM FOR STUDENT ACTIVITIES.

Resolved, 1st. That the Board of Missions be instructed to give full and prayerful consideration to the need for an enlarged program for Baptist student activities in schools and colleges.

2nd. That the Board of Missions be authorized to make such provision for this work as their judgment may direct, or in their discretion make a recommendation for the prosecution of this work at the next session of this Convention.

Respectfully submitted,

C. W. WILSON.

The chair appointed the Committee on the Location of the Eastern North Carolina Assembly, and the Lookout Commission. (See Standing Committees.)

M. L. Kesler presented J. B. Weatherspoon, who addressed the Convention on our Orphanage work. Superintendent Kesler made a statement about the Thanksgiving offering for the Orphanage.

After the song, "My Anchor Holds," sung by a quartet of the brethren, Pastor J. W. Kincheloe, of the First Church, Rocky Mount, presented Livingston Johnson, a former pastor, who in behalf of this church presented to I. M. Mercer, the pastor under whose administration the present structure was built, a chest of silver as a token of their appreciation of his faithful and far-reaching work while pastor here. Brother Mercer accepted the gift with words of appreciation.

Thos. W. O'Kelley, State member of the Foreign Mission Board, addressed the Convention on the work of his Board.

On motion of W. C. Barrett, miscellaneous business is taken up, and on motion of C. C. Smith, the Convention will adjourn at 10 o'clock.

The Secretary read telegrams of greetings from the North Carolina students at the Louisville Seminary and the North Carolina Methodist Conference, in session at New Bern,

from the Virginia Baptist General Association now in session at Portsmouth, and the Secretary was authorized to make suitable responses to these telegrams.

On motion of C. H. Durham, a committee of three is to be appointed by the chair to investigate the matter of admitting to this body a Baptist Association of Croatan Indians in Roberson County, who desire to come into this Convention, and to report at the next session of the Convention.

M. L. Kesler offered a motion, which was passed, to the effect that the Secretary have printed in the Annual a condensed summary of the financial report of the treasurers of each of the institution fostered by the Convention.

On motion, adjourned with prayer by F. P. Habgood.

On motion of Geo. P. Harrill, the Secretary cast the ballot of the Convention for B. W. Spilman as President of the 1922 session of this Convention.

On motion of T. H. King, a Committee on Committees will be appointed by the chair for the 1922 session, also a Committee on Resolutions. (See Standing Committees.)

The Secretary read the journal for yesterday. The Secretary read telegram from the Mississippi State Convention, also one from the Farmers' Union Convention, now in session in Raleigh, commending the resolution passed by this body on disarmament.

On motion of Chas. E. Maddry, the following committee: Benjamin Sargee, Archibald Johnson and J. J. Gentry, was appointed to report at this session on the matter of employing a chaplain for the sick soldiers at Oteen.

W. N. Jones read the following report on the Baptist Foundation, which, after discussion by Walter N. Johnson, was adopted:

NORTH CAROLINA BAPTIST FOUNDATION COMMITTEE.

The North Carolina Baptist Foundation Committee at this Convention makes this its second annual report. The committee is much gratified with the work of the Foundation for the year, as contained in the report of its Secretary, Gilbert T. Stephenson. He has visited the churches and held regional conferences in various parts of the State. His untiring efforts have met with notable success.

On account of the present financial and business depression and the effort now being made by our people to redeem the pledges made in the \$75,000,000.00 Campaign, no effort has been made during the year to get present gifts for the Foundation. Very gratifying success, however, has attended the efforts of the Secretary for obtaining the execution of gifts by will to the work of the Foundation. The report of the Foundation made at the last Convention at Asheville showed up to that time a gift of a \$1,000 Liberty Bond for a Baptist hospital and another \$1,000 Liberty Bond without designating the object to which it was to be devoted. There was also reported at that Convention the execution of wills in which gifts of an estimated value of \$23,050.00 had been made to the Foundation. The report this year shows that wills have been executed to the Foundation agregating \$79,350.

In transmitting the excellent report of Brother Stephenson, the committee is gratified to call attention to the detailed work, as stated in his report. It will be seen from this report that many are taking advantage of the Foundation as a vehicle to express their generosity to objects fostered by the Convention. The work has been accomplished almost entirely through the labors of the Secretary. We bespeak a general interest and co-operation of all our people in behalf of the Foundation.

W. N. JONES,

GILBERT T. STEPHENSON.

Z. M. CAVENESS,

Committee.

To the Board of Directors of the North Carolina Baptist Foundation, Inc.

As Secretary of the North Carolina Baptist Foundation, Incorporated, I take pleasure in presenting the following report of the activities of the Foundation up to the close of the fiscal year, November the 7, 1921:

During the months of February and March, 1921, your Secretary,

upon the invitation of Dr. Chas. E. Maddry, Secretary of the Mission Board, attended and spoke upon the Foundation at regional conferences of Baptist leaders held at the following places: Edenton, Wilson, Burgaw, Durham, Apex, Albemarle, Parkton, Blandenboro, Monroe, Elkin, Shelby, Winston-Salem, Statesville, Boone, Morganton and Asheville.

During the year printed copies of the Charter and By-Laws of the Foundation have been sent to the lawyers and Baptist pastors and to a considerable number of the Baptist laymen of the State. This together with the occasional news articles in the Biblical Recorder and the daily press has been the extent of the printed publicity of the Foundation during the year.

At the time of my last report to you we had received two present gifts to the Foundation—one a \$1,000 Liberty Bond for the Baptist Hospital to be established, which has already been turned over to the Hospital Commission upon the resolution of your Board, and the other a \$1,000 Liberty Bond, which as an undesignated gift is still in hand. In addition to these two present gifts, we had been notified of the execution of five wills in which gifts of an estimated value of \$23,050 had been made to the Foundation. These gifts were for the following objects: \$10,250 undesignated, \$6,000 to the Thomasville Baptist Orphanage, \$6,800 to Foreign Missions. During the present year an undesignated gift of \$250 has been changed into a designated gift for the Baptist Hospital.

Up to the beginning of the present fiscal year gifts to the Foundation, both present and testamentary totalled \$25,050. Attention must be called to the fact that the testamentary gifts cover property that is fluctuating in value and one gift in particular, which is carried on our books at \$10,000, consists of very valuable real estate in one of the most progressive of the smaller cities of the State and is already worth perhaps twice the amount at which it is carried on our books.

During the present fiscal year we have received notice of the execution of fifteen wills in which testamentary gifts of an estimated value of \$79,350 have been made. These gifts are for the following objects: To the Thomasville Baptist Orphanage \$12,000, to the Halifax Baptist Church, Halifax, N. C., \$2,500, to Baptist schools in North Carolina \$15,000, to the Baptist Hospital in Winston-Salem, N. C., as an endowment fund, \$25,100, and to Meredith College for the perpetual maintenance of two scholarships \$25,000.

Up to this time the Foundation has received in present gifts \$2,000 and in testamentary gifts \$102,400, making a total of \$104,400 received. It must be borne in mind that these testamentary

gifts are not presently available; that they will not be available during the lifetime of the donor, and that for this reason it will be some time, years we hope, before testamentary gifts to the Foundation will come into the possession of the Foundation.

The financial report of Wachovia Bank and Trust Company as fiscal agent of the Foundation shows a total disbursement for expenses during the two years since the Hospital Commission was first named by the Baptist State Convention at its session in Raleigh in 1919, has been \$965.23, and that the total income—all of it being interest on Liberty Bonds—has been \$91.25, leaving an overdraft of \$873.98. This overdraft of \$873.98 the fiscal agent has been willing to carry while the Foundation is getting on a firm financial footing.

On account of the present business depression no effort whatever has been made during the year to get present gifts for the Foundation. It has been the conviction of your Secretary that all present gifts should be devoted to redeeming the pledges made in the Baptist 75 Million Campaign.

The Board will be interested to know that the matter of establishing a Foundation somewhat similar to ours is now under discussion in Mississippi and that the matter will also be presented to the Virginia Baptist State Convention at its approaching session. The Southern Presbyterian Church at its next annual meeting is expecting to consider the establishment of a Southwide Foundation upon the same general lines as our Foundation.

May I suggest to the Board that in my opinion that time is now ripe systematically to acquaint the Baptists of North Carolina with the Foundation, and definitely to lay the appeal of the Foundation upon their hearts. Our people are ready and willing to make gifts in their wills in varying amounts if only the matter is presented to them in its true light. But it is necessary for the matter to be presented to them definitely in order to show them the wisdom of including a gift to the Foundation in their wills. This leads us to make the following suggestions: (1) That each member of the Board select a group of Baptists and present to each of them definitely the appeal of the Foundation with the view of showing him the wisdom of including a gift to the Foundation in his will; (2) that some phase of the Foundation's activities be presented in the Biblical Recorder at least once a month; (3) and that a series of twelve booklets, each of them written by a different Baptist brother, be prepared and sent to the Baptist pastors of the State, and a selected list of Baptist brethren and sisters who ought to be acquainted with the Foundation.

If the North Carolina Baptist Foundation is worthy of our support, then it is also worthy of our active and earnest efforts to promote its welfare.

Respectfully submitted,

GILBERT T. STEPHENSON.

I. M. Mercer read the following report on W. M. U. work, and presented the following representatives of the State W. M. U., who were recognized by the Convention by rising.

Mrs. Buck, Burlington; Miss Briggs, Raleigh; Mrs. Vaughan, Nashville; Mrs. Fox and Mrs. Finch, Rocky Mount. After an address on the work by Brother Mercer, the report was adopted:

WOMAN'S WORK.

Quietly, faithfully, intelligently the Woman's Missionary Union of this Baptist State Convention moves along its chosen and well-defined path of service. Beginning thirty-five years ago in the modest role of an auxiliary to the Convention, and true to form from that day to this, this organization of the women has passed from the day of small things to the place of tremendous service and power in the work of the kingdom. Their annual session, held in this house in March, was the greatest gathering in their history, and their reports were the best they have ever made. During the year they added 241 local societies to their roll, bringing the total number up to 1,958, and their membership to 40,000, and they contributed for the objects of this Convention the splendid sum of \$314,000, or more than one-third of the whole amount raised by the Convention. Truly for such a record as this we must be deeply grateful, and we can continue to earnestly ask that the blessing and power of God may abide with these women, who have labored so well in the gospel, and whose purpose under God is to do even yet greater things for the Master.

It is not amiss to call attention again to the fact that these splendid results are the fruit, not of spasmodic, feverish efforts, but of organization, steady growth, intelligent study, increasing aim, holy zeal and loving consecration. These women have wrought well because they have planned their work and worked their plan faithfully, in the strength of the Lord.

We cannot go into details, but, that this Convention may more fully realize the scope of their work and more heartily uphold their efforts, let us look at the ideals they have placed before themselves for another year. Financially they propose to raise at least one-fourth of their remaining pledge to the 75 Million Fund, and their pledge was not what they were asked, viz.: one-fifth of the total, but they said, "We will give one-third." And so we find them stressing and teaching Stewardship and outlining as they designate it, a "Loyalty Campaign," in which they propose (1) The collection of all pledges made, (2) The enlistment of the Associations which have so far had no part in the work, (3) The extension of the

Campaign to include all new members and the hitherto unenlisted members of the churches. Surely our business men will say that is sound business.

Locally they propose to maintain in their every society a high standard of excellence, to continue the training of young women and boys and girls for kingdom work, to continue also their own personal study of the Word of God and of Mission fields at home and abroad, to carry on faithfully "Personal Service" in their own communities, meaning thereby a ministry of relief to the unfortunate, of comfort and cheer to the discouraged, of evangelism to the unsaved.

To accomplish these high and holy ends they have taken for their watchword Paul's injunction "For ye serve the Lord Christ," and have declared their faith in prayer as the most powerful influence we can use in bringing the world to Jesus and to deeply implant Him in the lives of His people, calling upon their members to give to prayer first place in their individual lives and in the meetings of their societies.

With such holy aims as these, with such methods of service, with such faith in the Lord, these women need fear no difficulty; they cannot fail.

We recommend that this Convention renew to the Women's Missionary Union the assurance of our gratitude for their faithful work, and of our prayers for the continuance of the Master's favor upon them. We recommend also that the pastors and the churches in every possible way encourage the women in their labors for the spread of the gospel and the establishment of the kingdom of God on earth.

I. M. MERCER.

W. C. Barrett called attention to the illness of Mrs. W. H. Reddish, recent Corresponding Secretary of the W. M. U., and I. M. Mercer is asked to lead a special prayer in her behalf and Brother Barrett is asked to convey to her the sympathy of the Convention.

On motion of R. T. Vann, the Program Committee is instructed to arrange the program of the next session of the Convention for three days.

T. W. Chambliss presented the following report of the Press Committee, which was adopted:

All of these papers receiving telegraphic and mail reports. In every instance appreciation of the service having been expressed by the management of the papers.

In addition, your committee arranged for the distribution of a daily report over the Associated Press wires and has furnished that report, thus serving all daily newspapers throughout the State, in addition to the special reports to the newspapers mentioned above.

Your committee reports that the total expense of the service will be approximately \$75, and recommends that the account for expenses not to exceed that sum be paid by the Convention.

Your committee further recommends that this work be continued next year.

APPENDIX A

Report of Board of Missions---1921

We herewith submit the ninety-first annual report of the Board of Missions of the North Carolina Baptist State Convention. It has been a year of mingled lights and shadows. There has been a spirit of uncertainty and unrest throughout the whole world. Since August, 1914, we have lived one hundred years. We have seen the coming together of movements and events that were the summing up and the culmination of a century of preparation and intrigue. We have seen the collapse and fall of some of the mightiest empires and kingdoms the world has ever seen. We have seen the rise of republics and states and kingdoms, we never heard of, or dreamed of. Out of this world upheaval, we have seen ninety per cent. of the earth's population upheaved from the bottom, until we face today a world that is a seething mass of unrest and unhappiness, seeking for something, they know not what. As we near the century mark in the life of our Convention, we face such a world-wide opportunity, as we have not faced in a hundred years. Every door of a lost world is open to us, and the cry comes from every clime and tongue, for the saving gospel of the Son of God. We cannot emphasize too strongly the fact that, with our policy and message, we face an unprecedented opportunity for world-wide evangelism, such an opportunity as Baptists have not had since the Saviour went back to glory.

A WORD PERSONAL.

Your Secretary came to the work January the first, at what he believed to be the call of God. He took the call of the Convention to be the Divine will, and this consciousness of being in the way and the place of the Lord's leading, has been like a mighty bulwark of power and strength through all the experiences of the year. In the beginning of the year's work, we were sorely hindered by ill-health, which culminated in the hospital experience. The recovery from the effects of the operation has been slow, because of the heavy demands of the work in the office and over the State. We wish here to register our profound gratitude to the heavenly Father for the gracious restoration to health and strength, and our grateful appreciation for the sympathy and prayers of the brethren and sisters in the churches. It was a great inspiration and a wonderful tower of strength, to know that churches and individuals all over the State, were earnestly besieging a throne

of grace for the recovery of the Secretary and his return to the active participation in the work. With strength renewed and faith enlarged, we humbly rededicate ourselves to the glorious work of doing our best to bring in the Kingdom of our Lord and His Christ.

Below we give the tabulation of the accomplishments for the year, together with the figures for last year, that we may have before us the comparative achievements of the two years:

There has been a complete reorganization of the office end of the work since the last Convention. One thing making for greater efficiency in the office, was the moving of the Mission Rooms from

the first floor to the second floor of the Recorder Building. We made an exchange with the Recorder management, whereby all of the offices of the Mission and Educational Boards, were consolidated on the second floor of the building. We were enabled thus to effect a saving of \$2,240 per year in stenographic and clerical work.

CASHIER.

Rev. J. D. Moore resigned as Financial Secretary and the joint Boards of the Convention created the office of Cashier, and elected Robert Lee Middleton, of the Commercial National Bank, to fill the position. He was placed under the direction of the Corresponding Secretary, and has made a splendid and wonderfully efficient servant of the Board. We are paying him \$1,800 per year, thus effecting a saving in the salary we were paying Brother Moore of \$1,000. Every dollar that comes into the hands of Treasurer Walters Durham is distributed each month by the cashier to each object, according to the proportion set by the Convention. We are sending to the various Boards and institutions participating in the funds of the 75 Million Campaign, their proportionate part at the beginning of each month. We hope very devoutly that, ere long, every church and church treasurer in the Convention will be sending all funds due and all funds collected once each month.

Below we give the detailed report of Cashier Robert Lee Middleton:

REPORT OF CASHIER BAPTIST STATE CONVENTION.

The office of Cashier was created by the Executive Committee at their Annual Meeting December 31, 1920. As Cashier of the Convention it has been my duty to keep a detailed record of all receipts as reported by Walters Durham, Treasurer, and to issue all vouchers for funds disbursed by the different Boards of the Convention. All vouchers are countersigned by the Secretaries of the respective Boards before they are honored by Treasurer Walters Durham.

A separate account has been carried on my books for each object of the Convention. This has enabled the Secretaries of each Board to know their exact standing at any time. This was not true in the past, as such a record had not been kept. No object of the Convention was allowed to disburse funds unless my books showed a credit balance for said object. This has enabled us to show a credit balance for all objects of the Convention, except Hospitals and Southern Baptist Assembly. From my report you will note a credit balance to the 75 Million account of \$27,000.00. Of this

amount approximately \$5,000 is due the Orphanage. The remainder will go to the credit of Hospitals, which will take care of the overdraft and show them a credit balance. Also the overdraft of the Southern Baptist Assembly will be taken care of with this fund.

I give below the budget authorized by the Executive Committee for the past year and the percentage used by the Cashier in making distributions of the undesignated 75 Million, together with the percentages used in distributing the General Expenses.

Respectfully submitted,

ROBERT LEE MIDDLETON,

Cashier Baptist State Convention.

We are now in process of reorganizing the work of the State Mission Board into separate and distinct departments, the head of each department being directly responsible to the Corresponding Secretary.

I. Department of Home and Foreign Missions.

The duty of collecting the funds for Home and Foreign Missions is committed to the Board of Missions. We send the funds each month as they come in, to the Home and Foreign Boards. From November the 3, 1920, to October 31, 1921, we have collected for Home Missions \$98,900.37, and for Foreign Missions, \$225,310.70. In addition to the above, North Carolina gave \$51,000 to Famine Relief. For detailed report of Home and Foreign Mission work, see the proceedings of the Southern Baptist Convention for the year 1920-1921.

II. Department of Missionary-Pastoral Assistance.

The number of missionaries on the Board this year was 210, the greatest number by 32, that we have ever employed in any one year. These men have received all the way from \$5.00 to \$150.00 per month from the Board. We have committed ourselves to the policy of having a strong man as pastor at every high school, farm life school and college in the State. We are assisting in the payment of our pastors at the following institutions of learning: Wake Forest, Chapel Hill, Mars Hill, Murfreesboro, Boone, Cullowhee, Burnsville, and Sylva. Buie's Creek and Wingate churches are asking for aid for next year that they may have more preaching at these strategic and important educational centers. The missionaries of the Board are loyal and devoted men, who, often on small salaries and at great sacrifice, are planting and nourishing the churches in the waste places of the State. As a denomination we

owe everything to the faithful missionaries of the cross who have served under the State Mission Board through the years of the life of the Convention.

III. Department of Evangelism.

Following the instructions given by resolution at the last session of the Convention, the Board created the Department of Evangelism and elected Rev. Herman T. Stevens, of Greensboro, an evangelist of the Home Mission Board, as Superintendent of Evangelism. Brother Stevens is a native of North Carolina, a graduate of Wake Forest and the Seminary. He has held successful pastorates in several States and has been in great demand for evangelistic meetings throughout the South. He is safe and sane, and we feel that the denomination is wonderfully fortunate in securing the services of this gifted and consecrated brother. Brother J. L. Jenkins, Maxton, N. C., has been elected evangelist for Eastern Carolina, and has been at work with us since August the 10th. Brother Jenkins was a highly successful pastor and had been used of the Lord greatly in revival work. Since coming with the Board, he has held some fine meetings and we feel that we are fortunate in having this devoted brother labor with us in the Department of Evangelism.

One of the greatest needs in our State Mission work is an adequate force of men, who can hold meetings with our weak and struggling State Mission churches. Often they cannot command the help needed in a meeting and then a brother pastor cannot always give the time necessary for a successful and effective evangelistic meeting. Our men employed by the Board can go to the strong and weak churches alike, and they can remain until the victory is won and the church put on the way to a great destiny. We earnestly urge and hope that the Convention will authorize the Board to enlarge the department and increase the number of men, just as fast as the funds and the requests from the churches for aid, will justify it. We believe that the department will almost be self-sustaining from the beginning. We hope to add some evangelistic singers as the demands will justify.

As a part of the Department of Evangelism, in keeping with the action of the Southern Baptist Convention in May, we called a meeting of the State Mission Board on May the 31st, and after careful consideration they launched a State-wide campaign for evangelism, including the "Every One Win One" week in October. The Secretary devoted almost all of June and July to the work of organizing the Associations and Executive Committees in this great work. More meetings have been held than ever before in the same length of time. The results have been highly gratifying from every

standpoint. Since the first of June there has been reported through the office, 16,617 additions by baptism, 1,519 additions by letter, and 224 by restoration. The results have demonstrated the wisdom of an organized, systematic effort on the part of the churches, for the winning of the lost. We hope under the leadership of Brother Herman T. Stevens and his evangelistic workers, to put on the biggest, most far-reaching program for the winning of the lost next year, that North Carolina Baptists have ever known in all their history.

IV. Department of Enlistment and Conservation.

The biggest task before North Carolina Baptists is the enlistment and development of our country churches. There are about 2,300 churches in the Convention, and at least two-thirds of these are in the country, or in towns and villages of less than five hundred inhabitants. Three-fourths of these country churches have once a month preaching and at least half of them have absentee pastors. Once a month preaching by an absentee pastor was measurably adequate for the spiritual life of a widely separated and sparsely settled community one hundred and fifty years ago. But the pioneer program of the days of the ox-cart and the wooden plow, will never meet and fill the demands of this day of automobiles, wireless telegraphy, the flying machine and all the other modern discoveries and inventions of science. Life is too fast and full of interest today to grip and hold our young people with the program, or rather the lack of program of the average country church. We have been the greatest evangelizers the world has ever seen, but we have shamefully neglected the teaching and training part of the Great Commission. Not more than 40 per cent. of the Baptists of North Carolina co-operated with the Convention in the 75 Million Campaign. There are whole Associations and many churches in other Associations that are not enlisted in the work of the Kingdom, even in the smallest degree. We face a grave peril as well as a difficult problem, in our failure to enlist and develop these backward country churches.

The State of North Carolina is building a splendid system of primary and high schools. In almost every township in the State, our girls and boys can prepare for college and university right at home. For five days in the week they go to a school, well equipped, well manned with good teachers, trained in college and normal and university. Then once a month they go to the little Baptist church, hard by, poorly equipped, often disgustingly ugly and frequently served by an absentee pastor who is sometimes poorly equipped himself for the work of gripping and holding the restless young life that is surging around the door

of that Baptist Church. Unless we awake to the perilous situation, we are going to lose a whole generation of our young people before we know it.

We must enlarge and strengthen this department of the country church. We are working in closest union and harmony with our Home Board's Department of Enlistment. We have created the Department of Enlistment and Conservation, and the Board elected Rev. A. C. Hamby, pastor of our church at Salem, as Superintendent of the department. Brother Hamby is well fitted for leadership in this work. He was raised in Wilkes and Watauga counties, and has the love and confidence of all the people. We feel that we are exceedingly fortunate in securing the services of such a man as A. C. Hamby to lead in the development of the country church in North Carolina. Under him we have already six men as Enlistment Workers, as follows: C. W. Blanchard, J. J. Gentry, A. I. Justice, P. L. Elliott, T. G. Nanney, and Wallace Hartsell. These men will give themselves to the work of stewardship, tithing, the formation of fields, building of parsonages and better church and Sunday-school equipment, every member canvasses; in short, these men are spokesmen and boosters for every phase of our denominational work. They are to solicit students for our Baptist schools and colleges, take subscriptions for the Biblical Recorder and Charity and Children, represent our mission causes at churches and public meetings, and be general efficiency experts and physicians for sick and declining churches.

As a part of the program for country church development, we undertook to make a rural survey in three Associations, viz.: the Neuse-Atlantic, the Central and Tennessee River. We completed the survey in the Central and give below the tabulated results:

Total population as listed	11,947
Total number Christians	5,839
Total number members of local churches.....	4,521
Number Christians other denominations	1,393
Unsaved under twelve years of age.....	3,732
Unsaved over twelve years of age	2,378
Unsaved heads of families	897
Number members other Baptist churches	944
Number church members not Christians	108
Number Christians not church members	98
Total number of churches reporting	30

The results obtained and the conditions revealed in these rural surveys, should startle and challenge the attention of every Bap-

tist in the Convention. We have fondly imagined that North Carolina in a large way was a Christian State, but in the Central Association, with Wake Forest as a center, we found 897 heads of families who are not Christians, while there were a total of 2,378 above twelve years who are not Christians. In addition to the surveys made in the three Associations named above, we furnished cards for every country church in the State that would undertake to make a survey of its territory. Many hundreds of these surveys have been made and the results have been very fruitful and highly satisfactory.

We give below the report of A. C. Hamby, Superintendent of Enlistment and Conservation:

ENLISTMENT AND CONSERVATION, COUNTRY CHURCH
DEPARTMENT.

A. C. HAMBY, SUPT.

ITS PURPOSE.

1. To help the village and country churches to see and understand their greatly enlarged task and debt created. (1) In the State, by the swift and steady advance in education, agriculture, good roads, health and sanitation. (2) In the world, by its almost complete freedom from political and religious oppression, and from old forms and old faiths; by the manifestation that it is conscious of its overwhelming need of God; by the many facilities and agencies for effective work and by the soul-stirring fact that NOW is the conspicuous Baptist opportunity of the ages in that the nations of earth are clamoring for freedom of action and development, and for self-determination in politics and religion.

2. A second aim is to encourage and help the churches to function with spiritual power in their respective communities by showing them how to get into the center of the correlative forces of the community, such as the school, the farm, civic and co-operative associations, social and sanitary and recreational organizations.

3. It will seek to create and foster a desire for compact fields, more preaching, pastor's homes and better houses of worship, equipped for Sunday school and B. Y. P. U. work.

4. It will urge the churches to adopt a continuous program of training for effective work, laying special stress upon training the young people and getting them to work. It will likewise persist in trying to get into the churches a program big enough to require, and important enough to enlist, the whole membership in "putting it over."

5. This department will present to the country churches the

intimate relationship between the aesthetic sense and religious feeling. They are correlated all through the Scriptures. The average country church and grounds are as unsightly as the program is inadequate. Ugly objects are not conducive to beautiful thinking. Ugliness is death; beauty is life. Flowers in the sick room, beauty—rest—recovery.

The help of two of the leading nurseries of the State has been secured. They agree to sell to the churches at wholesale prices trees, shrubs, flowers, grasses, etc., and to furnish plans and diagrams for planting, arranged by competent landscape gardeners.

6. The department will endeavor and hopes eventually to secure the co-operation of the several hundred Baptist churches that are not helping in our organized effort to carry out our Lord's great commission to the churches.

Finally, we beg that the Convention will be patient in waiting for results. We are breaking ground and putting in—not mushroom spawn, but acorns. Time, patience and your prayers is what we ask.

V. Department of Sunday Schools.

North Carolina Baptists will never know how much they owe to Secretary E. L. Middleton. He is rounding out fourteen years of faithful, devoted service in the interest of Baptist Sunday schools in North Carolina. The work has made marvelous progress in these fourteen years. Less than one hundred and seventy-five churches in the Convention report no Sunday schools. The work of teacher training is making great progress, and we are beginning to take our own place among the leading States of the South in Sunday school work. We must enlarge our working force and increase our outlay for Sunday-school work, if we keep pace with the growing demand for enlargement in the churches. During the year we have added two new workers. Mr. A. L. Stephens is Field Worker for Western North Carolina, with headquarters at Black Mountain. He is one of the best Sunday-school men in the South, and has already made a big place for himself in the Baptist life of the West. We have also secured Mrs. Lydia Yates Hilliard as Elementary Worker for the State. She is splendidly trained and highly qualified in this department and will bring greater efficiency to our Sunday-school work. We would urge the imperative necessity of placing a field worker in the East at the beginning of the new year, and we ask for further instructions in this matter.

We give below the report of Secretary Middleton and the Sunday-school Committee:

SUNDAY-SCHOOL REPORT.

April 1, 1896, B. W. Spilman began work as Sunday-school Missionary for our State Convention. At that time there was not another such worker in the Southern Baptist Convention. In Raleigh, in June of this year, there was a three days' program giving suitable recognition to this twenty-fifth anniversary. When Dr. Spilman began there was no complete statistical report of Sunday schools, but in the State Convention Annual of 1895 we find a Sunday-school statistical table showing 848 Sunday schools with a membership of 58,954.

Dr. Spilman was succeeded by T. Neil Johnson in 1901, and he by Hight C. Moore in 1904. June 1, 1908, the present Secretary or missionary began his work. He found reports showing 1,699 Sunday schools, with a membership of 139,467. Ten years later reports showed 2,157 Sunday schools with a membership of 219,971—a gain of 478 schools and 80,504 in membership. Then came the two years of the war and the epidemics of influenza. There were serious losses, and not until last year did we begin gaining again, and then we were only 1,057 above the membership of 1917.

The tide has turned. This year ought to show the largest gains of any year in our history. As we write this report all the Associations have not met, and less than half have sent in complete reports. A test of thirty-two Associations show a net gain of over twelve per cent. in membership. If this gain holds good in the others, there will be a gain of over 25,000 this year. See statistical tables and summaries in the Convention Annual for complete reports.

GENERAL POLICIES.

A year ago the work of this department was greatly enlarged and every effort has been made to justify this action by the Convention and the Mission Board. A separate fund for Sunday schools was abolished and the work became a department of State Missions with three regular workers and over twenty special workers in the Rural Campaign.

Office Work. This has been greatly enlarged. Miss Nell Inman, a graduate of our Thomasville Orphanage, is the very efficient office secretary, giving half time to the work. Every line of office work has been pressed. The personal correspondence has been the largest ever. Extensive work had to be done to get started the two new workers. The Rural Campaign had to be planned and the workers sent out. All superintendents and pastors received sev-

eral general letters. Teacher Training was emphasized in every way possible. A regular department has been provided with copy in the Biblical Recorder. Sixty-seven new Sunday schools have been organized from the office. Programs have been prepared for one Assembly, two Superintendents' Conferences and eight regional Conferences on Sunday-school Administration and Organized Classes. All these meetings and rural institutes had to be advertised.

Field Work. The Secretary has traveled more than during any former year. He has reached ninety-two churches, covering the entire State. He has taught in twenty institutes and training schools. He has conducted or participated in thirty special conferences looking toward putting on the new and larger Sunday-school program, and has been to forty-two other churches for miscellaneous purposes. He has spoken over 250 times. He feels that the work is in fine condition for a great forward movement in 1922.

Rev. A. L. Stephens came to us March 1st as Field Worker in Western North Carolina. He is eminently qualified for his work. For eight years he did this work under the Baptist Mission Board of Alabama. It is doubtful if a better man could have been secured for this work. He will work in over thirty Associations, but these cover only about one-fourth the area of North Carolina. He has made a great beginning. He planned for sixty-six institutes. He personally participated in twelve institutes, conducted sixteen special conferences and filled miscellaneous engagements in thirty-four other churches. Then in eight months he filled engagements in sixty-two churches.

Mrs. Lydia Yates Hilliard became our Elementary Worker on April 1. She is well qualified for her work. She has the experience of a teacher in the public schools. She took the work in the Louisville Training School. For four years she was a pastor's wife and superintended the elementary departments of his Sunday school. For over a year she was pastor's assistant in a city church. In seven months she has conducted or participated in twenty-two institutes, taught normal classes in four colleges and schools, conducted six Elementary Conferences and met two special engagements, thus reaching thirty-four churches.

RURAL CAMPAIGN.

For four years the Sunday-school Board, Nashville, Tenn., has co-operated with the several State Boards in a special effort to train the workers in country and village churches. The Board pays

one-half of all expenses of these meetings. For three years the work was limited in extent and results, but this year we planned to hold 150 institutes and reach workers in 500 or 600 churches. Our objectives were almost realized. As far as possible each institute lasted three days, and in most cases Division I of the Normal Manual was taught.

The following special workers held from one to fifteen institutes each: L. E. M. Freeman, C. M. Beach, B. M. Shacklette, R. F. Hough, J. J. Slattery, A. J. Greene, W. N. Cook, F. M. Huggins, T. G. Nanney, W. S. Olive, Miss Grace Olive, R. W. Prevost, E. F. Sullivan, A. L. Brown, W. R. Beach, A. L. Goodrich, George R. Sherrill, E. L. Roberts, I. N. Patterson, J. N. Barnett, W. J. Berryman and J. S. Brown. These workers were in 108 institutes. In most cases they were alone. In a few cases two were together. The three regular workers participated in thirty-nine of these institutes.

The results were very gratifying. Each teacher was given a blank report and was required to keep a record of what was done and send in this report promptly to headquarters. A tabulation of these reports shows the following results:

Institutes conducted	138
Total enrollment in classes	5,762
Visitors not enrolled	3,554
Officers and teachers enrolled	1,665
Pastors enrolled	251
Examinations taken	844
Churches represented	502

No count was made for meetings on Sunday or at night or during any general or inspirational service. A reasonable approximation allows us to say 11,000 people were brought in touch with the plans and purposes of this campaign.

TEACHER TRAINING.

There are three major Sunday-school activities: (1) Enlistment or reaching the people; (2) Organization and equipment or taking care of them; and (3) Teaching them the Bible that they may be saved and trained in service. The first two are only preliminary to the last, which is the real task of the Sunday school. In such a day as this our Sunday schools cannot reach real success until our teachers become efficient. If we can ever get them

trained there will be no trouble to get the people in Sunday school and provide for them adequate organization and equipment.

Teacher Training has assumed immense proportions in the South. Reports to date show Diplomas, 80,246; Red Seals (four books), 14,948, and Blue Seals (eight books), 6,855. North Carolina now holds fourth place in number of Diplomas, 7,135. In the advanced courses she is far behind. In other words, our people are not pressing these study courses to completion. During the last year we have received 1,001 Diplomas, but over half of these were earned in our colleges and schools.

In this last feature of the work North Carolina has always led. Last year we received 2,486 awards. This is more than in any other two States. This is a constructive policy. It is giving training and vision to those who are going to be our leaders.

This report cannot give the details of the plans in Teacher Training, but there is nothing the Secretary and committee would more earnestly urge upon our people in all our churches. Full information and co-operation will be given on request.

CO-OPERATION OF SUNDAY-SCHOOL BOARD.

The Secretaries and Field Workers of the Sunday-school Board have helped us generously. They have been in thirteen State and regional conferences on Sunday-school Administration, Organized Classes and Elementary Work. They have also been in eight of the ten city training schools. Dr. I. J. Van Ness and Dr. Hight C. Moore have been with us on two occasions. The other workers are Misses Annie Williams, Margaret Frost and Lilian Forbes—all Elementary Workers. Brethren Harvey Beauchamp, B. W. Spilman, Arthur Blake and Harry L. Strickland have rendered very valuable service.

FINANCES.

As stated, this work is now a department of State Missions, and full details may be found in the reports of the Treasurer and Cashier. The budget allowed seems large as compared with former years, and yet it is only forty per cent. as large as Virginia, less than half of South Carolina, and smaller than Tennessee and five other States.

The salary of the Secretary is smaller than in any of the eight States named except one, and there it is the same. The Field Worker, with a very large family, gets barely the average of other States and much less than some. The salary of the Elementary Worker is about an average. The prices paid for special rural workers is practically uniform throughout the South, and that is

\$100.00 per month. In a few exceptional cases it is above this—only two in North Carolina—but in others it is below this.

Traveling expenses have been unusually heavy this year on account of increased railroad fares and the extra travel of putting on the enlarged program. Every one knows that printing and postage bills had to be increased when we almost quadrupled the amount of work done.

If the achievements this year are compared to those in other lines of State Mission work the department will in no way suffer in the thinking of men and women who have a vision of constructive religious work

WHAT OF THE FUTURE?

Our unperformed tasks are many and great. At least 500,000 people who belong to the Baptist constituency are not reached by any Sunday-school. There are 90,000 Baptists babies too young to attend Sunday school, but ought to be reached by the Cradle Roll. Possibly there are over 100,000 shut-ins who cannot attend, but ought to be on Home Department rolls. This leaves over 300,000 unreached people for the main school. At least 200,000 of our church members are unenlisted.

Another task is in providing adequate organization and equipment. Every effort ought to be made to acquaint every school on these matters and then help them secure these. There are over 1,000 of our country churches in which no general Sunday-school worker has ever held a single service. There are hundreds of others where no adequate work has been done.

In teacher training we have only begun. Not ten per cent. of our officers and teachers have taken as much as the Normal Manual. Not over ten per cent. of our pastors hold the Normal Diploma or are conducting any training work in their churches.

Shall we just hold our own or press on with States with larger programs and more aggressive policies?

We recommend that the same number of workers be continued and that the rural program be practically doubled and that we ask the Sunday-school Board to double its appropriation for this purpose. We ask that it be discretionary with the Board and Sunday-school Committee whether the entire rural appropriation be along former policies or in using a part of it for a special rural Field Worker in the East.

R. L. McMILLAN,
Chairman.

E. L. MIDDLETON,
Secretary.

VI. Department of B. Y. P. U.

The B. Y. P. U. Work in North Carolina had its long night of opposition and its day of small beginnings. But at last the dawn of a new day has come and the B. Y. P. U. Department is growing by leaps and bounds. We thank God with every remembrance of this great training agency in our churches. We are fast training and developing a generation of young, ardent, enthusiastic church members in the B. Y. P. U. who will completely revolutionize the life and effectiveness of our churches in a few years. Too much cannot be said in appreciation of the faithful and effective work of Secretary Perry Morgan. He has brought to the work an earnestness and enthusiasm that is compelling and contagious. He has not spared himself, but in the office and in the field, he has given his best, without stint or measure, for the organization and development of the young people's work of the Convention. Early in the year, we realized the absolute necessity for a Junior Worker, and Miss Gaynelle Yates was transferred from the Colportage work to the Junior work. She did faithful and acceptable work for several months, resigning to enter the Woman's Training School at Louisville, Ky. We have secured as Junior Secretary Miss Elma Leigh Farabow, a graduate of the Thomasville Orphanage, of Mars Hill College and an A. B. of the University of Texas. She has already made a big place for herself in the hearts of the young people, and we predict for her great success in the work of leading the Juniors of the State.

Below we give the reports of Secretary Perry Morgan and Junior Secretary Elma Leigh Farabow:

B. Y. P. U.

The past year was filled with great blessings and opportunities for our B. Y. P. U. Achievements have been made such as were not foreseen even a year ago. Baptist Young People's Union is now in the making. We realize more fully than ever that the B. Y. P. U. has kingdom obligations and responsibilities,—obligations and responsibilities beyond its own membership and constituency, beyond the range of its own voice. These obligations, responsibilities, and duties demand broad channels for their discharge: therefore the Local, City, Associational and State B. Y. P. U. have been organized to meet these needs.

By means of co-operation, local B. Y. P. U.'s extend their work and influence, multiply their powers, develop denominational leaders, and hasten the march of the on-coming kingdom. Co-operation among our B. Y. P. U. organizations is no less a duty than inde-

pendence is a right. Co-operation with and loyalty to every phase of our organized work are fundamental with our B. Y. P. U.

A spirit of genuine responsiveness on the part of pastors, churches, and the young people is manifesting itself in the matter of new organizations, local, city and associational. That the missionary spirit is resilient in the hearts of our young people is evidenced by a desire on their part to enter every line of activity in the denominational field.

OUR WORK.

Field Activities. A summary of the activities of the secretaries in the State follows: Number of days in the field, 266; miles traveled, 20,053; addresses and lectures given, 296; institutes and Training schools held, 21; Associations organized, 7. The Secretaries have devoted practically all their time, while in the field, to the organization of new unions, associations, and city unions, conducting institutes and city training schools, and teaching B. Y. P. U. course in methods in our schools and colleges. The point of emphasis in our program of extension at this time is that of encouraging associational organizations.

In the office. When not in the field, the Secretaries spend their time in the office, attending to general correspondence, which has grown to much greater proportions than during any previous year. They have dispatched more than 4,000 personal communications, about 8,000 tracts on denominational work; have written hundreds of letters; worked out and mailed to all the unions a "Schedule of Activities"; edited the minutes of the B. Y. P. U. State Convention, and the B. Y. P. U. columns in the Recorder, contributing about 400 news items concerning B. Y. P. U.; and have co-operated with the Departments of Missions and Sunday Schools in getting out and putting over the program for the Mountain Assembly at Mars Hill.

Increased numbers. 1. In the churches. The number of organizations in the local churches is steadily increasing. There are now in the State 505 senior, and 106 junior unions, making a total of 611, an increase over last year's report of 161, or a fraction over 35 per cent. We believe that many Unions have not been reported to our office, and the above figures are far too low. 2. City Unions. Nine of our cities, namely: Raleigh, Wilmington, Durham, Greensboro, Charlotte, Winston-Salem, Concord, Asheville, and Gastonia maintain City Unions, which strengthen the work in the local churches and promote the spirit of co-operation among the young people.

3. Associational. The number of Associational B. Y. P. U.'s has increased from two to fourteen. Those organized are: Robeson, Raleigh, Central, Wilmington, Gaston, Sandy Run, West Chowan, Roanoke, Johnston, Little River, Mecklenburg-Cabarrus, Mount Zion, Kings Mountain and Pilot Mountain. This is our newest development in B. Y. P. U., and is the best medium through which we can carry out our program of organization and extension.

Colleges and Schools. The report of the work in the colleges and schools for the year exceeds, in many respects, all former reports. Without doubt, this is one of the most important phases of our work. Our schools are centers of great power and usefulness in the promulgation of the work of our B. Y. P. U. There are forty separate and distinct B. Y. P. U.'s in our schools and colleges. Mars Hill holds the State banner for school unions, having made the highest per cent. on our system of grading. Mars Hill maintains six unions; Meredith, five; Wake Forest, five; Buies Creek, four; others range in number from one to three.

Training Schools and Institutes. During the year twenty-one Training Schools and Institutes have been conducted at central and strategic points. From three to six days were consumed at each. The enrollment at these schools was upward of 2,000, visitors attending at various sessions, not included in the number. The Secretary had the assistance of Mr. C. S. Leavell, who was sent to us by the Baptist Sunday School Board, Nashville, Tenn., and of many local workers, among whom were: Miss Mary Warren, Miss Marian Baughn, Mrs. W. D. Upshaw, Mr. C. M. McMicheae, and Dr. J. B. Turner. 1,057 awards were given. 64 volunteered for special Christian service.

Study Course Work. March 12th to 19th was generally observed throughout the State as Study Course Week, during which time a course was given in one of the study course books, recommended by the B. Y. P. U. of the South. Many churches have conducted study courses during the year, being led in the work by either the pastor or other local workers. 3,144 awards have been issued in recognition of the faithful work done in these study courses.

State B. Y. P. U. Convention. The twelfth annual B. Y. P. U. Convention was held at Charlotte, June 14-16, 1921. This Convention was characterized by many strong, uplifting, and inspiring addresses by the speakers, many of whom were our own young people. "Stewardship" was the keynote of all the addresses. From the standpoint of attendance, interest, and general helpfulness, the Convention was the best yet. More than twelve hundred attended the sessions. It was a great fountain of inspiration, a clearing-house

of B. Y. P. U. information, and a mighty force in making our young people zealous for greater achievements.

Mars Hill Assembly. The Western Assembly, held at Mars Hill College, July 27th to August 5th, was well attended. Classes in three of the B. Y. P. U. Study Course books were taught. The Assembly proved to be a source of great inspiration to all who attended.

ACKNOWLEDGMENTS.

We gratefully acknowledge our indebtedness:

1. To the State Board of Missions for the generous and hearty support given our department, and to Dr. Charles E. Maddry, Corresponding Secretary, for his hearty support and generous encouragement in the work.

2. To the Biblical Recorder and its editor, Dr. Livingstone Johnson, for the use of space in the paper for the discussion of B. Y. P. U. work, and for news notes concerning it. Interest has been stimulated in the paper itself among our young people and the department has been materially aided in keeping the different phases of B. Y. P. U. conditions and achievements regularly before our people.

3. To the Baptist Sunday School Board of Nashville, Tenn., for the generous contribution made to our work, for the printing of all our B. Y. P. U. literature, for the supply of free literature for distribution through our office, and for sending to us Mr. C. S. Leaveil, and Dr. W. F. Powell, to aid in some Training School Work and the B. Y. P. U. State Convention at Charlotte.

4. To Dr. J. T. Henderson, Knoxville, Tenn., for services rendered at the Charlotte Convention.

RECOMMENDATIONS.

1. We recommend to the incoming board that they make such appropriation as will take care of this growing department of our work.

2. We beg the pastors and leaders throughout our State to command the service of our department, and to interest themselves in the B. Y. P. U. as an agency for the training of our young converts, to the end that a lost world may be brought to Christ Jesus.

3. We recommend that March 12th-18th be set apart as education week, during which time a B. Y. P. U. Study Course be taken.

4. We appeal to the pastors and general leaders in our churches to encourage and interest our young people in the campaign for

tithers in the South, and in North Carolina in particular, during the State-wide campaign for tithers.

OUR WORK AMONG THE JUNIORS.

We are just entering this fruitful and inviting field, a field which promises a very rich harvest. There are now 106 Junior Unions in the State, according to our files. March 1, 1921, Miss Gaynelle Yates was elected to lead in this work. On July 1st she resigned in order that she might enter the Training School at Louisville. October 1st, Miss Elma Leigh Farabow succeeded Miss Yates as Secretary of Junior B. Y. P. U. work in the State. It gives us great pleasure to testify to the good beginning made by her. She seems to possess every qualification of a fine Junior Leader. We commend her to the churches and beg for her that kind consideration, which will enable her to accomplish the greatest amount of good among the Juniors.

THE OUTLOOK.

The future holds the promise of larger opportunities and blessings. Training for service is the criterion of our Baptist Brotherhood. These young soldiers are responsive to the touch of the guiding hand that leads them. Churches are weak because their members are weak. In the future our churches will be strong in just the proportion that we train our constituency for service in the kingdom.

May we press forward in this work until we have trained an army of workers that shall be invincible in the struggle against darkness and indifference.

Chairman.

VII. Department of W. M. U.

We desire to express our grateful appreciation for the fine loyalty and splendid co-operation of the W. M. U. workers in North Carolina. They always lead the way in every forward movement for the cause of Christ, and set before us a worthy example of the high mission of womanhood in New Testament churches. The relationship existing between the office workers has been exceedingly pleasant and in the highest degree satisfactory. We wish to bear testimony to the faithfulness and worth of Mrs. W. H. Reddish, the

Corresponding Secretary of the W. M. U., and to express our sorrow and regret that her health is such that she will have to retire from the work. Below we give the report of the W. M. U. for the year:

WOMAN'S MISSIONARY UNION.

The present year completes thirty five years of W. M. Union work in North Carolina. At our annual meeting in Rocky Mount last March our Treasurer reported an annual contribution of \$314,004.00 and 1,958 societies enrolled. This was an increase of 80 per cent. over our gifts the preceding year, and we felt that the success of the campaign, so far as our Union was concerned was assured. It has been our custom to present to the State Convention the same facts and figures that are given in our annual meeting. This year we must call attention to the fact that the first two quarters of our present year show a decided loss in contributions, and it will take heroic work if we do not fall behind our last year's gifts.

In the report of the W. M. Union to the S. B. Convention last May, the statement was made that in nearly every State the women had failed to get credited to the Union the gifts of the women and the children in the churches where there were no W. M. U. organizations, and the following statement was authorized by the Campaign Director, and the request was made that it be signed by the State Corresponding Secretary and mailed to the pastors and church treasurers:

"When we went into the 75 Million Campaign, it was fully understood and agreed to by the Baptist 75 Million Commission that in every church, unless otherwise desired by the donor, the gifts of all the women, young women and members of Junior W. M. U. organizations should be credited to the W. M. U. It is found that in some of the churches in every State, there has been failure to credit the gifts in this way. Since the pledge of W. M. U. Auxiliary to S. B. C. is more than \$22,000,000, or a sum largely in excess of one-fifth of all the pledges made, an aim which W. M. U. voluntarily assumed, it will be obviously impossible for W. M. U. to prove that it has redeemed this pledge unless all its contributions are credited to it. It is, therefore, asked that in your church you will be careful to see that all the gifts of all the women, young women and members of Junior W. M. U. organizations are reported to your State Treasurer as credited to W. M. U. of your State. Please bear in mind that when the report of your church is made these gifts are included."

The Corresponding Secretary and officers of our Convention, the

pastors throughout the State have co-operated with the Woman's Missionary Union in all their plans with few exceptions, and we are calling attention to this statement from the Union, because we want to ask them to aid us in this most important matter. The pledges of the women in churches where there are no societies are on our books, but we have no means of obtaining any record of their gifts unless the pastors and church treasurers come to our assistance.

It is with pleasure that we present to the State Mission Board, under whom we serve, the following record of the past year's work:

Number societies on roll	1,958
Number societies reporting	1,633
Number new organizations	241
Number Associations having W. M. U. organizations.....	56
Number women enlisted	39,491
Number letters and postals written	3,755
Number letters and postals written by associated super- intendents	10,936
Circular letters from office	9,941
Manuals, Minutes, Year Books and other literature.....	145,707
Miles traveled by officers	7,996
Miles traveled by superintendents	15,674
Expenses:	

Paid from fund sent in by societies	\$1,482.02
Paid by State Mission Board	3,273.12

Total \$4,755.12

This amount, an itemized statement of which appears in our minutes, includes the salaries of two officers who give full time to the work, and as this is the first year in the thirty-five that we have had more than one salaried officer, we would express the thanks of the Union for this mark of appreciation of our work.

Our Young People's Work, under the direction of Miss Elizabeth N. Briggs, who has served the Union consecutively for twenty-five years, stands first in point of contributions among the eighteen States of our S. B. Convention. Our Young Women's Auxiliaries, under direction of Mrs. R. N. Simms, rank second in contributions. To the untiring labor and consecrated ability of these two leaders we owe much.

Twelve girls from North Carolina attended our Training School at Louisville last year. This year there are twenty enrolled, fifteen having scholarships from the Union. The societies contributed to the Training School the past year \$9,372.78, and \$3,046.44 was

received from the Undesignated Campaign Fund through the Education Board.

The following is the summary of the Treasurer's Report for the year ending February 28, 1921:

Much of our success is due to the untiring, faithful work of our splendid body of Associations' Superintendents, and to them we extend our heartfelt thanks. To the pastors who have labored with us, to the leaders in our denominational work who have been ever ready to help us we are grateful. To the Lord of the harvest we look for the increase, for "Thine is the kingdom and the power and the glory."

MRS. WESLEY N. JONES, *President*;

MRS. W. H. REDDISH, *Corresponding Secretary*;

MRS. J. D. BOUSHALL, *Recording Secretary*.

VIII. Department of Church Building.

We regret to report that we have been unable to do very much in this department this year, because of the lack of funds. We found outstanding from last year, obligations and promises for church building amounting to more than \$26,000. We have paid all these we possibly could, but there are some of these outstanding

as obligations upon us for another year. We are unable to undertake a single new building project this year. There are a great many applications pending which came in a year ago, but we have been unable to pass upon them or to make any definite promise because of lack of funds. We need sorely a large building fund to be used on strategic mission fields and in educational centers. Some of our churches ask for aid on buildings when they could well take care of themselves by arranging a long time loan through the Home Board Loan Department, or through a local building and loan association. The little building funds we have ought to be used on strictly mission points and the stronger churches to be encouraged to take care of themselves with the help of our Enlistment Department.

IX. Stewardship and Tithing.

We are never going to get away from the high pressure campaign for our educational and mission work, until we have brought our churches to accept and practice the New Testament principle of the divine ownership and the human stewardship of all material things. When we have so instructed our people in the principles of stewardship that they will accept it as the guiding principle of their daily lives, we will have no more trouble and anxiety about money for the work of the kingdom. Southern Baptists now have on a great campaign for stewardship and tithing. We called a meeting of the Steering Committee for North Carolina some weeks ago, and it was decided unanimously to postpone our campaign for tithers until January the first. We felt that it would divide our forces and weaken our efforts in rounding up the payments on the 75 Million Fund if we put on the campaign before the new year. The Steering Committee recommended that we make the months of January, February and March Stewardship and Tithing months. We ask that a special committee be appointed by the Convention for the consideration of this matter, that we may have the full and sympathetic mind of the Convention on the subject.

X. Book Department.

Following the instructions given by the Mission Board at its meeting in December, we closed up the Colportage Department and tried to close out the book business entirely. We found on hand a large stock of Bibles and miscellaneous books worth about \$3,000. Orders kept coming in for books and supplies, and we soon saw the necessity for a Book Department, where our people could get B. Y. P. U. and Sunday-school books for Training Classes, supplies for churches and missionary societies, and all the supplies needed in the life of a Baptist church. At the meeting of the

Board the last of May, it was decided to establish a Book Department and Brother Robert Lee Middleton was made manager along with his duties as cashier. The young ladies in the office kindly offered their services free of charge, and up until this time, we have carried on the work of the Book Department without extra overhead expense. We have done a splendid business and have already built up a good paying department. We have largely increased our stock, and have a good margin over. All that we make on the Book Department will be put back in the work in the form of free tracts for distribution among the churches by our different workers. We are slowly building up a supply of good tracts on every phase of our work, and we invite the pastors and workers to write us about their needs. We can furnish anything in the way of books or supplies that are needed in a Baptist church and all the profit goes back into our denominational work.

NEED FOR A HISTORICAL COMMISSION.

We would call attention to the fact that nothing is being done in North Carolina in the matter of gathering and preserving Baptist historical information and data. In nine years our Convention will have reached the century mark, and it is high time that something official was done to gather and organize the wealth of Baptist historical data and information that may now be found throughout the State. Baptists have, through all the ages, been great makers of history, but have always been reluctant to record and preserve what they have done. We would urge upon the Convention the vital importance of making some adequate provision at this session for at least the beginning of a history of North Carolina Baptists.

A LOOKOUT COMMISSION.

What are we going to do when the period of the 75 Million Campaign is over? Are we going into another great Southwide Campaign for funds with which to carry on our world-wide Kingdom work? Already many are asking these questions and many others that pertain to the future of our denominational policy and work. We can never go back to the small things of other days. The 75 Million Campaign has set new standards and new ideals for us as a denomination. We must go forward and greatly enlarge over the standards and achievements of this day. Every way we turn, an open door of opportunity confronts us. All of our difficulties about finances are brought about by the growing need for advancement and enlargement in every department of our work. We are suffering acutely with growing pains in all of our denominational members. We ought to lift up our eyes and look unto the fields that are white unto the harvest. "Where there is no vision the people perish," and the greatest need before North Carolina Baptists today is vision,—ability to see! We ought, in all common sense and soberness, make our plans for twenty-five years to come. When Moody was dying he called for his Bible and wrote in the margin: "If God is your partner, make your plans large." Conscious that we are co-workers with an Almighty Partner, we ought to make our plans, not only large, but intelligent and comprehensive. We would urge, therefore, upon the Convention, the appointment of

a Lookout Commission, composed of at least fifteen of our wisest, most far-sighted men and women, to study our whole denominational program and life for twelve months, dividing themselves if necessary into sub-commissions, for a most careful and minute study of each denominational problem and need, reporting at the next Convention their findings, together with any recommendations they may wish to make. Nothing they would do would be binding upon the Convention, but they would gather a mass of data and information that would be invaluable for the guidance of the Boards and official agencies of the Convention. We believe that the most fruitful and far-reaching results would come from the work of such a Commission.

SUMMER ASSEMBLIES.

One year ago the Convention committed to the Corresponding Secretary the work of the Summer Assemblies. After a good deal of preliminary preparation had been made, it was deemed best, under existing circumstances, to call off the Seaside Assembly at Wrightsville Beach. We held the Western North Carolina Assembly at Mars Hill College, July 27th-August 5th. The attendance was good, one hundred and forty-nine enrolling for the work. A splendid program was presented, and the interest and attendance was good from the very beginning. We are planning for Summer Assemblies for the East and West next summer, and already some leading features of the program for each have been arranged. The Assembly for the West will be held at Mars Hill, August 2-11, 1922. The Assembly for the East will doubtless be held either at Wake Forest or Meredith College.

VOLUNTEER SERVICE RENDERED.

Owing to the sickness of the Secretary and the subsequent slow recovery from the hospital experience, he has been compelled to call on many pastors and missionaries for help in critical times in speaking for the work at Associational meetings, Mission rallies and Conferences. There has always been the glad and generous response that indicated a deep and personal interest in the work. Words fail the Secretary in expressing his grateful appreciation for all the sympathetic interest manifested and the great service rendered by the pastors without cost to the Board except bare expenses incurred. There has been a great deal of volunteer service rendered the Board in holding meetings at strictly mission points. The blessings of heaven rest upon the noble pastors of the Convention!

For more than a month, while the Secretary was in the hospital, the work in the office was carried on in a splendid and efficient way by the Office Secretary, Mrs. Lilly P. Haynes, and her co-workers in the office. With the generous help of the Executive Committee she was Acting Secretary for a month and handled the work with splendid satisfaction to all concerned. No man ever had a finer corps of co-workers or greater loyalty and devotion to the work.

FINANCES.

We are now closing the second year of the 75 Million Campaign. The Treasurer reported \$1,153,731.39 given during the last conventional year. This included cash given during the 75 Million Campaign and amounts paid on the old Million Dollar Campaign for Christian Education. Moreover, conditions in the financial world were exceedingly favorable and money was cheap and easy. Counting from May the first, 1919, when the 75 Million Campaign began, there was reported to the Convention one year ago the grand total of \$1,399,868.63. For this conventional year, Treasurer Walters Durham reports through the office \$759,465.50. The amount received by the Orphanage was \$145,466.51. The amounts sent direct to the Home and Foreign Boards, colleges and schools, and Southwide objects was \$19,233.48, making a grand total for this year of \$924,145.49. The total paid on the 75 Million Campaign from North Carolina for the first two years is \$2,324,014.12. Our quota for each year is \$1,228,000.00. It will be seen that we lack only \$131,985.88 of reaching our quota for the two years.

Taking into consideration the conditions existing in the financial world, we have made a wonderful record this year. It is our sober judgment that North Carolina Baptists are going to pay the pledges made in this campaign. Some have been unable to pay in full this year, but there will be another year, and times will be better and the pledges will be paid. We have never doubted for a minute but that our people would keep faith with each other and keep covenant with God. No true, loyal Baptist will in the end default in the payment of his pledges made to the campaign.

We brought over from last year a debt against State Missions of \$11,141.05. In addition to this, there was outstanding more than \$20,000 in obligations and promises on church buildings that had to be paid in part, at least this year. Some few have not yet complied with all the conditions pertaining to gifts, and have not been paid. We have paid a total of \$18,727.00 on church building accounts. We have received for State Missions a total of \$123,-

065.64. We have spent for all departments of our State Mission work \$100,528.10. After paying the debt of last year we have to the credit of State Missions \$11,396.49. We have a great number of applications for aid on church buildings that we have never passed upon. These will come before the Executive Committee early in the new year, and will be a heavy draft upon us for another year. With the flood of applications for aid from the churches that are already in the office, it will be seen at once that there will have to be wise, careful and economical planning for the work. There is crying need for enlargement on every hand, but we must not go ahead of our income. We must always keep close to the shore line, and forever maintain our credit above par.

We would also urge upon pastors, churches and church treasurers the importance of sending in all funds collected at the end of each month. We make our remittances once a month to each of the general Boards and we can save a great deal of money wasted in paying interest, if we will send forward the money on hand at the end of each month.

AN APPRECIATION.

In connection with the financial report of the Convention's work, we wish to pay grateful tribute to the marvelous transformation brought about in our whole conception of church finance by retiring Secretary Walter N. Johnson. It is difficult for you who have been at work with him on this great problem, to realize the wonderful advance made in the churches in the matter of financial method and system. By far the greater majority of the churches in the Convention have some financial method and system. It may differ widely in the different churches; the methods in vogue in the various churches are like Joseph's coat of many colors, but they have some system. They are thinking on the problem and trying to solve it, and that is the most hopeful thing about the whole business. And to Walter N. Johnson, more than to any one man in North Carolina, is due the new day that has come to our churches in the matter of better financial system and method. Through our various agencies, we are planning to do all we can to carry on to perfection, the work so well begun, and to bring home to every church the prime importance of adopting the New Testament plan of church finance.

THE BIBLICAL RECORDER.

During the year that is past, as we have been diligently trying to get acquainted with our job, we have come to realize more fully

than ever before the value of the Biblical Recorder in our work. Our people are not mean nor stingy. They love the Lord and they love His kingdom. They want to do His will. But they lack information, many of them do not know of the awful need of a lost world. If they were informed, they would gladly give themselves and their means for the spread of His kingdom. The one supreme need is knowledge, information. If we can inform our people, they will give all the money we need for financing God's kingdom. The greatest single agency among us, after the pulpit, in spreading light and information about our work at home and abroad, is the Recorder. The State Mission Board, in some way, ought to join hands with the Recorder management, in placing the Recorder in every Baptist home in the State. Every department of the State Mission Board ought to be an active factor in increasing the subscription list of the Recorder, and every man at work under the Board ought to be an earnest and continuous worker for a greater Recorder. We believe the time has come when the State Board and the Recorder management working together ought to try in some way immediately to induce every pastor and State missionary in the Convention to become a subscriber and a constant reader of the Recorder and with the ultimate aim and ideal of placing the paper in every Baptist home in North Carolina. We hope that the Convention will give the Board and Secretary a free hand in co-operating with the Recorder management in attaining these worthy ends and aims.

CHANGE OF DATE FOR THE MEETING OF THE CONVENTION.

The pledges for the 75 Million Campaign were taken on November the 30th. Many of our people pledged with the idea of paying on December the 1st. If we reach our full quota in North Carolina at the end of the five-year period, we will have to make our conventional year coincide with the time the pledges were taken. Then, too, the month of November is the best month in the year for rounding up the money. The ideal way would be for our churches to pay in the funds every month, with system and regularity, but we have not yet reached the ideal. We are striving and working toward it, but we have not yet arrived. Therefore we urge that the Convention give serious and earnest consideration to the question of going back to the former time of the annual meeting, Tuesday after the second Sunday in December and let the books of the Board close November the 30th.

Below we give the annual report of Treasurer Walters Durham:

Respectfully submitted,

WALTERS DURHAM,
Treasurer Baptist State Convention.

RECOMMENDATIONS.

We submit the following recommendations for the careful consideration of the Convention:

1. That the time of meeting of the Baptist State Convention be changed to Tuesday after the second Sunday in December of each year, and that the books of the State Mission Board close on November the 30th of each year.

2. That the Board of Missions be instructed to increase the evangelistic force as fast as the needs demand and the funds will justify.

3. That the Board of Missions be instructed to give earnest and careful attention to the enlistment and development of our country churches, strengthening and enlarging as fast as possible the Departments of Enlistment and Conservation.

APPENDIX B

Report of the Board of Education

In beginning our report we must pause to record our loss in the death of Brother C. W. Mitchell, who entered into rest on the night of June 20th last. Brother Mitchell was a prudent and prosperous business man, and prominent in the affairs of his political party and State; but he was even more noted for his devout piety and his efficient service to his denomination. He was not only the acknowledged leader in his church, but was for years Moderator of his Association. He served his district for several terms in the State Senate, and was a member of the State Board of Agriculture until compelled by failing health to retire. He was a member of the Wake Forest and Chowan Boards of Trustees and of our Board at the time of his death. While a man of large commercial interests, he was rarely too busy to attend the sessions of these boards or the general meetings of his denomination; and whether by wise council, generous giving, or progressive leadership, he could always be depended on for valuable service.

Your Board of Education, by virtue of our relation to the Southern Baptist Convention, is committed to aid in the maintenance, at least during our five-year period, of certain institutions within the bounds of the Southern Baptist Convention, known as Southwide Institutions. These include the Southern Baptist Theological Seminary, at Louisville, Ky., the W. M. U. Training School connected therewith; the Southwestern Seminary, at Forth Worth, Texas, which includes women among its regular students; the Baptist Bible Institute, in New Orleans, and the negro Theological Seminary, to be established in or near Nashville. The Seminary at Louisville reports an enrollment for this fall far above that of any previous opening, and seventeen above the total enrollment of last session. Its student body includes forty-two North Carolinians. The Training School is also prospering, having enrolled last session 130 boarding students, including twenty from North Carolina, and thirty day students. The enrollment of the Southwestern Seminary to date is 111 above that of the same date last year and includes fourteen students from our State. The Bible Institute reports an increase of 30 per cent. over last fall's opening, with a prospect of still more rapid enlargement.

WAKE FOREST.

The enrollment of Wake Forest for the present session is practically the same as that of last fall. For the first time last summer the college undertook a summer school, to which 239 pupils were enrolled; a most promising beginning for this important enterprise. Changes in the faculty have occurred as follows: Prof. Hunter, of the Department of Education, is on a year's leave of absence for graduate study at Harvard. His place is being supplied by Dr. D. B. Bryan, Ph. D., of the University of the City of New York. Assistant Professor Gosnell, of the Department of Political Science, has been succeeded by Prof. Edward L. Newmaker, M. A., of Yale, who is expected to develop the new course in Commerce. Associate Professors Reid and Henderson are away on a year's absence for graduate work in Cornell. Associate Professor Irvin S. Goodman, graduate student in the University of Lausanne, Switzerland, has been added to the Department of Modern Languages, teaching French and Spanish. Instructor R. W. Sullivan, of the Department of Chemistry, has been advanced to the rank of assistant professor.

The endowment fund has been increased during the past year \$134,710.11; the indebtedness has decreased \$12,811.89. As soon as a contract for excavation can be let, a new athletic field is to be constructed, the enterprise to be financed by two friends of the college. Nine thousand dollars in addition to the \$30,000 reported last year has been expended in the erection of five professors' homes, and wings have been added to Lea Laboratory building at an expense of \$13,300.00.

After many years of valuable service, Mr. John F. Lanneau, professor of Astronomy and Applied Mathematics, was called to his reward on March 5, 1921.

MEREDITH.

The fall opening found Meredith with another capacity enrollment. The college regrets the loss of Miss Elizabeth Avery Colton, who has been compelled to retire on account of failing health. Miss Colton is to be succeeded in January by Miss Julia Harris, graduate of the University of North Carolina, and holding an M. A. degree from Cornell. She expects to secure her Ph. D. from Yale by close of the calendar year. Meanwhile, Miss May Steele is acting as head of the department. Other new members of the faculty are Miss Hortense Badger, for Modern Languages; Miss Mildred Rodiger, for Voice; Misses Oisette Calza Bini, Grace Parry, and Ruth Goldsmith, for Piano.

Two rooms have been added to the Chemical Laboratory, and also \$2,000 worth of apparatus, making possible four years of Chemistry. For the first time a professor, Mrs. Julia M. Haber, gives full time to Biology, and this department has been adequately equipped and given a separate laboratory. Miss Mary V. Long, M. C. of Radcliffe, has been added as assistant in the Department of Greek and Latin. During the past year 1,207 volumes have been added to the library, and \$90,988.07 to the endowment fund. Treasurer W. A. Yost reports that he is ready to cancel all indebtedness against the college, so that it may now begin participating in the fund offered by the General Education Board.

CHOWAN.

The recent opening enrollment of Chowan was 9 per cent. above that of last fall. No buildings have been erected during the past session, save an engine house and woodshed, at a trifling cost; but the management is planning for the erection of an auditorium with a gymnasium on the lower floor. When this has been completed the present chapel will be cut up into class rooms. The course in Science has been broadened and lengthened, and a thorough course in Education is offered. The first year of high school work has been dropped, with a view to eliminating gradually all high school work. No college teacher is now doing any preparatory work. The new members of the faculty are Carey C. Dobbs, A. B. S., of Mississippi College, and Howard College, head of the Science Department; Miss Mildred Sherrod, A. B., Athens College, Alabama and Chicago University, head of English Department; Miss Lucile Parker, A. B., Trinity College, head of the Mathematics Department. The debt has been reduced from \$22,500 to \$15,000.

BOILING SPRINGS.

Boiling Springs is making steady progress in every direction. A memorial building, which is to include an auditorium, is being erected in memory of the young men of King's Mountain and Sandy Run Associations, who served in the World War. The building is to cost \$60,000, of which \$46,000 has been expended, leaving \$17,000 more to be raised for completing and furnishing the building. This money is contributed by the two associations in addition to their subscriptions to the 75 Million Campaign Fund. During the year \$1,300 was paid on their debt, and \$2,000 expended for equipment and repairs. H. D. Powers succeeds W. G. Moore as teacher

of Biology; Miss Sarah Taylor succeeds Miss Martin in History; Miss Irma Wallace, of last year's faculty, succeeds Miss Banks in Domestic Arts, and Miss Addie Bostic follows Miss Wallace in the Intermediate Department.

BUIE'S CREEK.

Notwithstanding some loss in enrollment as compared with that of last fall, Buie's Creek has at present about all the students it can well accommodate. These students come from sixty counties in six States, and include two from China. The new members of the faculty for the present session are L. H. Campbell, M. A., Wake Forest, for English and History; Miss Mabel Morris, Carson-Newman College, Domestic Science; Miss Mabel Burt, from Chowan, for English and Mathematics. The erection of a boys' dormitory building has been postponed for the present, on account of the general financial depression. In addition to this structure, plans are on foot for the erection of an alumni building.

LIBERTY-PIEDMONT.

The outlook at Liberty-Piedmont has improved with the opening of the present session, as shown by a reorganization in the management, the election of Brother Frank Hare as Principal, and an increase of 40 per cent. in its recent opening. A boiler house to cost \$1,000 is in process of erection. Brother Hare has associated with himself W. A. Sowers as Assistant Principal; Miss Ethel M. Freeman, as Lady Principal; Misses Thelma Lee and Lula Mot-singer in the Academic Department; and Miss Lottie C. Woodard for Piano.

DELL.

The last enrollment at Dell shows an increase in male students, but a decided decrease in girls. During the past year the following improvements have been made in the buildings, an annex of 30x30 feet has been added to the dining room, and the old dining room has been painted; repairs have also been made in the boys' and girls' dormitories, the main building and the principal's home, including leveling, new underpinning, new flues, additional stairway and painting. New furniture and crockery have been purchased at a cost of \$2,000. Four-year courses are now given in Agriculture and Domestic Science, and one year each in Biology, Physics and Voice, the last subject taking the place of Art. A

laboratory will be installed in time for the spring work. All high school pupils are required to take Bible throughout their four years.

WINGATE.

Wingate reports a loss of fifty in the fall opening, due partly, no doubt, to the prevailing business conditions, but mainly to competition with State institutions. During the past year an electric light plant and a science laboratory have been installed, and \$7,000 has been paid on the debt of the institution. A teacher training department has been added to the course of instruction for the purpose of preparing teachers for work in adjoining communities.

MENACE TO OUR HIGH SCHOOLS.

A tabulated statement of teachers, students and values of plants, equipment and endowments appears elsewhere in the Minutes. It will be observed in the figures quoted for the past session that while the colleges made slight gains in their enrollment, only one of the high schools reported any such improvement. Two, indeed, of our most prosperous schools suffered decided losses from competition with State institutions; and the fact that these same schools have made a similar showing for the last two years seems to indicate that this loss is not accidental, but promises to be permanent. So that if we are to preserve them we must contrive some plan for at least a partial removal of this competition, or we must increase our appropriation to the schools. This situation gives us grave concern about our high schools in general, and suggests that we reflect seriously before proceeding to establish any others. It has been in view of this fact that your Corresponding Secretary has felt obliged to discourage propositions from several sections for the erection of new Baptist high schools, to become a part of our Baptist system. Apparently we shall be forced to concentrate on a few well located institutions and make these equal to the best.

MINISTERIAL AND VOLUNTEER.

There were enrolled at Wake Forest during the past session 82 ministerial students, of whom 74 were aided by our Board, as were also three student-volunteers at Meredith College. The several high schools report 45 ministerial students; Meredith, 84; and Chowan, 25 student-volunteers. And from nearly all these institu-

tions come reports of more than 200 openly dedicating themselves to some form of public religious service.

AMOUNTS RECEIVED AND DISBURSED

Since the beginning of the Million Dollar Campaign the several participating institutions have received from the Treasurer's office or in contributions sent directly, the following amounts:

Wake Forest	\$191,990.94
Meredith	150,000.00
Chowan	76,050.00
Southwide Institutions	60,000.50
Buie's Creek	11,868.00
Boiling Springs	4,600.00
Wingate	12,400.00
Liberty-Piedmont	7,543.26
Dell	14,771.28
Mars Hill	13,971.77
	<hr/>
Total.....	\$543,204.75

ASSETS AND LIABILITIES.

At the close of the session of 1920-21 the total indebtedness of our high schools was \$29,271.45 against a total value in plants and equipment of \$316,200. The total indebtedness of our colleges at the same time was \$98,200 against values in plant, equipment and endowment of \$1,893,693.21. However, since these figures were submitted the indebtedness of both colleges and high schools has been materially reduced, their plants and equipment decidedly improved, and the endowments of Wake Forest and Meredith substantially increased.

OTHER INSTITUTIONS.

Three other Baptist institutions are being conducted in the State, which are not in our regular system. One of these is maintained as a part of our Orphanage work at Thomasville. Ten grades are given in the regular courses; in addition to these, courses are given in Business, Domestic Science, Vocal and Instrumental Music, and Kindergarten. Four teachers give full time and two part time to high school work.

The second is Mountain Park Academy, under the direction of C. S. Williams; but I have had no report from him.

The third is Oxford College. President Høbgood reports an excellent opening this fall. His course covers three years of college work, based on an entrance requirement of 15 units. Four years of high school work is also given, as are courses in fine Arts, Education, Home Economics and the Commercial branches.

STATE INSPECTION OF OUR SCHOOLS.

In accordance with the instructions of the Board of Education at its session in March, 1921, the Corresponding Secretary wrote to the Health and Insurance Departments of the State, requesting that they inspect our Baptist school property. The Insurance Department reports that it has inspected Wake Forest, Meredith and the Orphanage and reported results to the heads of these institutions. They have been delayed in visiting the other schools on account of the large number of State schools which must be visited.

The Health Department reports that no inspection of schools has been made as yet, but that they hope to begin that work in the next few months.

MOVING MEREDITH.

At their annual session last May, the Trustees of Meredith voted to change the location of the college from its present site to some suitable place near the city of Raleigh. This action was taken only after a year or two of consideration, and then at the earnest solicitation of an overwhelming majority of the Alumnae, and many other Baptists throughout the State. A committee has been appointed to consider and recommend a suitable location.

AN IMPORTANT CONFERENCE.

At the invitation of Superintendent E. C. Brooks, a conference met in Greensboro during the month of October, some of whose decisions may ultimately affect our denominational work. The conference was composed of the President and one member of the faculty of each college in the State, and was called mainly to secure harmony of opinion and concert of action among the State and denominational institutions. The three resolutions which seem to concern us mainly were presented by a committee of the

body and were referred to other committees to report on at a separate meeting. These were, first, that a mere promise to teach for a term of years is not sufficient ground on which to issue a scholarship by the State; second, that such scholarships as are issued from State funds should leave the holders, or beneficiaries free to use them in any accredited institution of their choice; and third, that it is the sense of the body that some generally accepted definition of a standard college as a working basis in North Carolina should be agreed upon and adopted.

THE CHALLENGE OF THE STATE.

It seems proper in closing this report to direct your attention to the State's educational program which was submitted to the last General Assembly and was overwhelmingly approved by that body. This program, you will remember, called for an annual outlay for buildings and equipment at the State's higher educational institutions of \$4,000,000 annually for the next five years. This amount is in addition to the sum annually appropriated for the grades and high schools, which amount is increasing a million and a half dollars each year.

Moreover, at the present rate of increase, the next decade will see the present number of our high school graduates in the State multiplied twelve-fold. These facts admonish us of the necessity of laying out for ourselves a great continuous educational program running on indefinitely after the successful consummation of our present exceptional campaign.

Nearly seventy years ago Horace Mann said in his inaugural address as President of Antioch College, "This youthful Western world is a gigantic youth; and therefore, its education must be such as befits a giant. It is born to such power as no heir to any earthly throne ever inherited, and it must be trained to make that power a blessing and not a curse to mankind." Horace Mann spoke as a prophet. Whether rightly or wrongly, the State has launched a great movement, and if we are to retain our young men and women in our own institutions, it goes without saying that we must keep pace, in a measure, with the State's tremendous progress.

If we are to maintain our own institutions and retain our hold on our young men and women, we must meet and match this challenge and offer a still finer program.

We must keep the spirit and teaching of our institutions in harmony with the spirit and purpose of their founders, viz., the

recognition of the supreme Lordship of Jesus Christ, and training for His service.

We must enlarge the financial resources of these institutions.

We must sacredly guard the money appropriated for their use by safe investments.

We must conserve our means and our energies by concentrating our support on the institutions we already have; for since none of these are adequately supported, it would seem to be folly to establish others.

We must imitate the State in seeing that our institutions honestly furnish the grades and quality of instruction that their names imply and promise.

In hearty sympathy with this spirit, your Board believes and recommends that for the present new academies anywhere should be undertaken with extreme caution.

The Convention will recall that in the first appointment of this Board it was constituted of fifteen members, with the presidents of our three colleges as ex-officio members. But the elimination of these three officials a year ago left the Board with only fifteen members, and only three of these in Raleigh from whom to appoint an Executive Committee. Is it the pleasure of the Convention to add three other members to the Board of Education?

We have been requested to make an annual appropriation to the Student Fund of the Southwestern Seminary, and ask for instructions from the Convention about the matter.

APPENDIX C

Report on Social Service

The newer philosophy recognizes two different grades of human beings—individuals and communities. Both have a mind of their own. There is a community mind as well as an individual mind, but the community mind is much the more complex, powerful and enduring. The program of Christianity concerns both. It proposes to redeem both of them from sin and evil. But the community is composed of individuals and it, therefore, cannot be redeemed apart from the redemption of the constituent individuals. Accordingly, social service must wait upon evangelism, is hopeless without it, and its ministry merely palliative rather than remedial.

On the other hand, even with a majority of its members redeemed and infected with the Christian motive and ideal, the community whether of a larger or a smaller aggregate will, nevertheless, present social institutions and practices surviving out of a less happy past, as the social evil and the liquor traffic, which must be destroyed, obstacles in the path of the kingdom which have to be removed, suffering and want to be relieved, defects and sickness to be cared for and forestalled. Here is the field of social service, and into it the plain teaching of the New Testament sends us forthwith upon our conversion. Christ identified himself with the sick, the hungry, the naked, the lonely and outcast, and when Peter sought through the stores of his memory for the most characteristic thing about his Lord in introducing Him to a cultivated foreigner, he said of Him, "He went about doing good." Another interpreter of the Divine Word of Christ who was very close to Him declared that the best, because the most natural, expression of the Christian experience was personal purity and practical kindness. Conversion socializes us, ties us up in new fellowships, awakens in all the sense of responsibility to and for others, and appoints us to the ministry of relieving human need whatever form that need may take. So intimate and invariable is this relation of cause and effect that the presence of one guarantees the other—"I will show you my faith by my works."

And yet for so long has the emphasis of Christian teaching been heavy, as it should be, upon individualistic evangelism and so slight upon our social task, that one can hardly even now set forth this

obvious original New Testament teaching without being charged with setting aside the doctrine of salvation by grace and substituting salvation by environment. The kingdom of God is manifestly the will of God operative in the organized life of men "on earth." It was the one theme of Christ's teaching and the aim of his sacrificial ministry. The Christian Church is at once the visible representation and the instrument of that kingdom. And yet the social program of Christ has still to fight for recognition in some minds, while in not a few others it is coldly admitted with a *but*. And some go to the limit of discrediting and postponing that program to the catastrophic reconstruction at the imminent appearing of the Lord.

Your committee rejoices that this Convention has committed itself heartily to social service in the name of Christ. It exercises a practical ministry to the orphan and widow and to disabled ministers of the gospel. It has undertaken to provide in a modern hospital for those who require medical attention. And mention may be made here of its generous provision for the training of men and women who will spend their lives in laying the foundations of the Christian social order. Apart from these enterprises for which it is responsible, the Convention seeks to form and guide a public opinion and sentiment before which industrial oppression, violation of the rights of childhood, and any type of social injustice and evil cannot stand. It insists that Christian principles shall be applied to personal, local, national and international relationships. It here puts itself on record against the crime and folly of war and in favor of the immediate reduction of the intolerable burden of armaments. It calls upon all individuals, churches and agencies associated with it to be alert and vigorous in helping to suppress violations of the prohibition law of the land, in saving our youth from the perils of the larger freedom which they now possess, and in beating back the spreading menace to the home and the sanctity of the marriage bond.

Specific reports of social service enterprises under the patronage of the Convention follow.

WM. LOUIS POTEAT,
Chairman.

ORPHANAGE REPORT.

A report from the Orphanage to this Convention is but an attempt to give an account of our stewardship in the care of the largest group of children in the hands of any one organized body in the State.

To report progress more must be included than improved buildings, grounds and equipment, or even enlarged contributions. If we are not making our children happier, healthier and wiser and purer in spirit we have very little worthy of report.

We are glad to say that we have had very little sickness and not a death during the year. Several cases of scarlet fever gave us a little scare, but they have passed, leaving no evil effects in any case. We look after eye, ear, nose and throat troubles, and their teeth, stressing the importance of oral hygiene. We are adding more to our teaching force, with the purpose of making it an accredited high school within the next two years.

We are encouraged with the general behavior of the larger boys and girls. The interest they are taking in the B. Y. P. U. work is very gratifying.

Our workers are exerting themselves more than usual to make the lives of the children happy. We are trying to put more in their play life and thus prolong the period of their childhood. In addition to the swimming pool at Thomasville, a splendid one has recently been built at the Kennedy Home. We realize that if we are to get more out of our children's lives we must put more into them.

It may be a surprise to some that the per capita cost of maintenance is more than it was a year ago. This is accounted for mainly by the raise of salaries which was counted in last year's report for the first time. This was done for teachers everywhere. Surely no exception should be made of ours.

A condensed statement of facts is here given:

Number of children at Thomasville, 446; Kennedy Home,	
85	531
Children aided in their own homes	58
Children received since November, 1885	2,078
Daily cost for the support of each child	58½c.
Monthly cost per child	\$17.85
Annual cost per child	\$214.02
Daily cost for the support of 531 children	\$310.65
Farm products made and consumed	8,120.75
Dairy products made and consumed	\$24,714.70
Milk, 63,851 gallons at 35 cents	\$22,347.85
Number of applications for the year	724
Number received	63
Number completing the course	16
Profit Charity and Children	\$2,177.11
Officers	6

Number of teachers	20
Number of matrons	25
Farmers, dairymen, carpenters, etc.	14

Our contributions have held up remarkably well. But for the failure of the Bank of Thomasville we would probably have come through the summer without borrowing any money. The long drought made our crop failure almost complete. This means heavier expense through the winter for feed and other dairy products.

The seasons in the region of the Kennedy Home were much more favorable, making it possible to recover the losses of a year ago.

The accidental burning of the Simmons Nursery a short while ago came at a very embarrassing time, just as we are facing the winter, and at the same time financially crippled. We had no alternative but to decide to rebuild as early as possible; but delays in getting the work started may defer its completion till next summer. We propose making it a model cottage of its kind, one worthy the princely giver whose name it bears.

The call for help is louder than ever before; more than seven hundred applications during the past year, most of them turned down for lack of room. Our obligation is not met by writing letters of regret that we have no room. We need to make a more comprehensive study of our obligation to the "fatherless and the widow in their affliction." The eminence which we have attained in the field of child caring institutions lays upon us the obligation to take some advanced steps. It can never be accomplished by building more cottages alone. We need a few more and some we already have need improvement.

We are aiding at this time fifty-eight children in their own homes with their mothers. They are divided into twelve families, which means there are twelve mothers aided also. So far it is costing only about one-third as much as it does to care for children in the Orphanage. The children in the institution will probably have better educational advantages, but the other plan saves the home unbroken if the mother is capable of holding it together by this aid. When the number greatly increases provision will have to be made for a system of visitation and oversight. In fact, we have long felt the need of a field worker whose duty it should be to investigate all cases before they are admitted to the Orphanage. This would lessen the danger of being imposed upon and would greatly aid in many difficult adjustments of cases.

No department of our work is guided by a wiser and more de-

voted Board of Trustees than ours. For the last few years we have suffered the loss of several of the most faithful of this royal circle of men. During the past year the ranks have again been invaded and Hon. C. W. Mitchell, of Aulander, N. C., has been taken to his reward. He was a most valuable man, both as a citizen of the State and a citizen of the kingdom of heaven. His fellow-laborers at the Orphanage and in the other departments of our work feel keenly the loss of a blessed fellowship and the un-failing helpfulness of his counsel.

REPORT ON MINISTERS' RELIEF.

The power of disbursing the funds for this object is now in the hands of the Board of Ministers' Relief and Annuities of the Southern Baptist Convention. The various State Boards are to see to the collection of needed funds, investigate the worthiness of applicants and endorse applications. Our North Carolina Board has the additional duty of holding in trust an invested fund.

This work is expected to receive the sum of \$60,000.00 annually from North Carolina's part of the "75 Million" contributions. Dr. William Lunsford, of Dallas, Texas, who is Corresponding Secretary of the Board of Minister's Relief and Annuities, reports having received the full amount last year.

Sixty-one North Carolina beneficiaries are being cared for. In most cases the aid seems to be quite adequate. One worthy young preacher who has been sick for six months, received temporary aid.

Inasmuch as this Board and its Corresponding Secretary are expecting their demise at the hands of our Convention at any meeting, a brief history of our efforts to relieve the needs of ministers who have come to want seems in place.

In accord with the instructions given by this Convention at its meeting in 1889, this Board was organized February 1, 1890, at Wilmington. T. H. Pritchard was its first President and P. D. Manning its first Corresponding Secretary. At the end of the first year the Board was moved from Wilmington to Durham, and on December 17, 1890, C. A. Woodson was elected Corresponding Secretary. He served four years, and was succeeded by J. F. McDuffie. Brother McDuffie was elected February 19, 1894, and served the Convention and this Board most faithfully for sixteen years. The present Secretary has had this work in hand for twelve years. During the first ten of these years contributions

for this object increased from \$5,163.55 in 1909 to \$11,564.29 in 1919. Since that time our "75 Million" contributions have greatly swelled the funds of this work.

It seems to the present Secretary that there is no longer any real reason for the existence of his office or the board of Ministers' Relief. The Permanent Investment Fund can be placed in the hands of the Baptist Foundation, and the interest from it passed on to the Board of Ministers' Relief and Annuity. In regard to the general work now done by this Board and its Secretary, why not have a Social Secretary to take it in charge in connection with our other social work? Our hospital must now be provided with general oversight. Why not group it with our Orphanage and Ministers' Relief work, put all under a Secretary of Social Work, and let each work pay its proportional part of his salary? Such Secretary would be on a par with our Secretaries of Missions and Education. M. L. Kesler is eminently fitted for all this work and can do it all, if we give him a little more help at the Orphanage.

J. M. ARNETTE,

Corresponding Secretary.

HOSPITAL COMMISSION.

The commission appointed by the last Convention beg leave to make the following report:

It is with unfeigned sorrow that we are called upon, in this our first report, to note the death of one of our members, Brother J. A. Martin, of Hickory, who, after sharing with us most of our work so far, was called to his reward. He was widely known and esteemed as a business man. But his memory will be cherished most for his unselfish service in his home church, and especially by his brethren of the commission for his devotion to the hospital enterprise.

1. THE LOCATION OF THE HOSPITAL.

At considerable pains we visited by invitation Raleigh, Charlotte, Salisbury, Winston-Salem, High Point and Greensboro. The enthusiasm reported by the former committee was more than verified. The proposition of \$100,000 and suitable site, to be given by the city where the hospital was to be located, was met, or practically so, by every town we visited. The earnestness and whole-hearted co-operation shown everywhere was a revelation and an embarrassment to the commission. After several meet-

ings and various visits the scales tilted in favor of Winston-Salem. It should be stated here that the selection was not made with a view to making this the one and only Baptist hospital for the State. But we do believe that Winston-Salem, by reason of her great back country, her own large and rapidly growing population, large enterprises and ever widening influence justifies the building of a great hospital there, however many others may be developed later.

2. PROGRESS MADE.

We were authorized by the Executive Committee of the two Convention boards to add four local members to our number. Gilbert T. Stephenson, A. H. Eller, B. F. Huntley and J. Wilbur Crews were selected to act with the original commission, Stephen McIntire, Raymond C. Dunn, J. A. Martin, J. M. Arnette and M. L. Kesler. It was then decided that if sufficient funds could be raised, work on the hospital would begin by November, if possible. Twenty-five thousand was already in hand from the 75-Million Campaign, and another installment due by the end of the year. Winston-Salem put on her campaign for raising her pledge. In one day in October \$140,000 was raised to be paid within eighteen months. Of this amount \$32,000 goes to pay for the site of about ten acres on Ardmore hill, a spot suitable and beautiful for situation.

The local members were authorized to secure plans for the first unit of the hospital. An advisory committee of seven local doctors and business men was selected to aid in this. The blue prints now being completed are the result of the work of one of the best local architects who has associated with him a noted specialist in modern hospital convenience and architecture. At a meeting, November 3d, a design for the first unit of 88 beds, fire-proof structure, five stories high, was adopted. The total estimated cost of this building, in round numbers, is \$186,000. An earnest request comes from many Winston-Salem contributors, not Baptists, to use the amount over-subscribed for fitting up a ward or a floor of the hospital in honor of Dr. H. A. Brown. Something like this would be a most appropriate tribute to the man who has spent his life going in and out among the people doing good everywhere.

The interest shown by our Woman's Missionary Union has encouraged us very much. They are eager to aid in furnishing the hospital. Like the saints of Achaia, they were ready a year ago, and we hope their zeal, too, will provoke very many.

3. THE HOSPITAL CHALLENGE.

Reasons for our long delay in this matter might be given, but unless a new impetus can be given by the strange discovery, the search would be wasted time. North Carolina Baptists have led the way in child welfare—"visiting the fatherless and the widow in their affliction." We have also made a worthy record in the field of education. We had as well, without further delay, face this situation also and heed this, almost, a call of alarm. Along with most evangelical Christians we have suffered fearfully by this neglect. Protestantism, if it has not sold, has loitered away one of its most precious birthrights by not long ago entering into this form of Christian fellowship. Let us specify in a few items: First, is the danger that the healing art—practice of medicine, surgery and nursing—become commercialized? The danger is that skilled service in any and all of these departments, because of the price, will close the door of hope to the great mass of mankind. There is not the least intimation here that these laborers are not worthy of their hire. But think of the Master and his followers placing the dollar mark over the doorway of disease and sorrow! It is unthinkable. Unless the Christ is to stand in the midst of doctors, surgeons and nurses, adding love and sympathy to skill, this Commission would recommend that the enterprise be abandoned at once and the whole business turned over to the State and the municipality. This is not leading up to a plea for free treatment for all, for the well-to-do should pay for value received at the hospital; but if we go no further, what do we more than the heathen?

Again, this form of Christian service must not be removed too far from the churches. There was a time when there was in almost every good community a fine old mother, or maiden saint, who was always ready at any hour of the day or night, far or near, to minister to the sick. These hands may have lacked skill, but there was a strange tenderness there in that reviving touch which the latest medical learning does not despise. These were far back in the country communities, "where we were so happy and so poor." But they are passing and their places are being taken by the visiting nurse and the Red Cross nurse. As we establish and maintain a hospital system, it must not lead churches and Christians to relegate all responsibility and personal interest to the hospital. Church and individual interest will be aroused in cases, though they be subjects for the hospital, and the community nurse will be a part of the church community and hers will be as distinctly a Christian service as that

of the pastor. So a proper conception of this mission of the hospital will put the local church in close touch with the community, in ministering to the afflicted and also extend its interest to the institution as well.

One of the greatest needs to be met by the establishing of the hospital is the training of nurses "for the sake of Christ and in the spirit of Christ, with the same motive and the same consecration with which they would become foreign missionaries." Among the Catholics many young women enter the orders of nursing with a consecration and self-abnegation that is rarely seen even on any of our mission fields.

The hospital should become a great nurse training center, doing in a slightly different way the same kind of work done by our Training School connected with our Seminary at Louisville.

The whole meaning of the movement is to bring the healing art more definitely under the dominion of the Great Healer. We have doctors who feel called to serve Him by their ministry in China. Why may we not, through the Christian hospital, call out the called among the doctors, who with the same spirit will do the same service in North Carolina that their brothers are doing in far Cathay.

It may be that this enterprise with its new challenge is ushering in a new era for North Carolina Baptists.

M. S. KESLER,
For the Commission.

APPENDIX D

REPORT ON BIBLICAL RECORDER

Every State within the bounds of the Southern Baptist Convention has realized the need of some means of communication between the churches and all have established papers as the most economical and effective means of supplying the need. The denominational paper was, perhaps, the most important agency in the 75-Million Campaign. The Recorder gave space gladly, as did the other Baptist papers of the South, to those in charge of the great Campaign, and its columns are used every week by those to whom have been committed the interests of the denomination. Those who read the Recorder each week are intelligent as to all our denominational activities.

But the Recorder is more than a denominational organ. It contains valuable matter other than that which is strictly denominational. It tries to live up to its name and makes prominent things that are Biblical. It stands for the great fundamentals of our Christian faith. During the year which is now closing its columns have been enriched by contributions on great doctrinal questions by some of the ablest men in the South.

To live up to its name, we believe that the Biblical Recorder must be true to the distinctive principles of our denomination, because we hold these principles to be Biblical. The Recorder management thinks the paper has an important mission in the work of indoctrinating our young people. Some time ago a series of editorials was published on "The Doctrines of Our Faith," which included, of course, our peculiar principles. We are hoping to publish a similar series in the near future for the benefit of the young people who have recently come into our churches.

We believe the readers of a religious paper should be informed as to important world movements. This is why we have a department entitled "Current Topics," in which are presented some of the important things that take place in this and other countries. In the interpretation given to events which are noted in this department, there is no partisan bias. The editor does not expect all who read what he writes to agree with him in everything. If that were the case, the Recorder would not be worth the paper on which it is printed.

The editor knows that he must assume entire responsibility for all that appears in the paper. One of his most difficult tasks is to decide what should go in and what should be kept out. Some of the readers of the Recorder have an idea that the editor is not willing to publish anything that does not accord with his opinions. This is a great mistake. A communication frequently appears in the columns of the Recorder with much of which, and sometimes with all of which, the editor disagrees. The following are some of the rules which guide in the matter of contributions sent for publication: (1) The communication must appear to have been written in the proper spirit. If it is unkind in tone, or has been manifestly written to "get even" with some one, it is barred from the columns. (2) The question must be decided as to whether the publication of an article will do more harm than good. If the editor believes it will be harmful to publish it, it must be kept out. The writer of the article may sincerely believe that its publication would do good, but the editor must be the judge, as the responsibility is upon him. (3) Some articles which are harmless and written in good spirit are not published

because they do not possess sufficient merit to be given place in the Recorder, when space is so much needed for important matter. The editor is frank to say that he is always disposed to give this latter class the benefit of the doubt, and he sometimes admits articles which some of the brethren think are not entitled, upon their merit, to a place in the Recorder. (4) Sometimes articles are sent which would be excellent for a secular periodical, but would not be suitable for a religious paper.

Now let us say a few things about the business side of the Recorder. When the Convention met in Asheville we regretted to announce that the subscription price of the paper had been raised to \$2.50. This was made necessary because of the great advance in the price of labor and material. Soon after the adjournment of the Convention last year the management of the North Carolina Advocate challenged the Recorder management for a contest in securing new subscribers. We accepted the challenge and agreed upon February and March as the months for the campaign. While the Advocate secured fifty per cent. more subscribers than the Recorder, this was the most successful campaign the Recorder ever conducted. Because of the increase in the number of subscribers, the directors felt justified in putting the price back at \$2.00, and they were very glad, indeed, to do so.

On the first day in May the printers of Raleigh walked out on a strike. The Recorder directors felt that the demands made by the printers were unreasonable, and that it would not be right to accede to them. We were put to great inconvenience and expense in getting out the paper, and failed two weeks to get it out at all. After going on in this unsatisfactory way for three months, the business manager had an opportunity to lease the plant to a business man in Raleigh, at what he considered a fair rental. We are getting the paper printed now at just what it cost us to do the work ourselves before the strike was called.

We have gone carefully over the accounts for last year and find that we have lost on the Recorder \$303.16½ per month, or \$3,684.98 for the year. Fortunately, the Biblical Recorder Company owns considerable stock in the Mutual Publishing Company and the Recorder building. We made ten per cent. on the stock of the Mutual Publishing Company, and that, with the rent of the building, made it possible to publish the paper even at a loss.

Because of these outside interests the Recorder is in better condition than most of the Baptist papers of the South. Our subscription list is larger than any of the other Baptist papers, with two exceptions, and the price of the paper is two dollars, while most of the other papers of like size is two dollars and fifty cents.

There is only one paper in the South, as large as the Recorder which is printed on as good paper as we use in printing the Recorder, and that paper reported a deficit last year of \$17,000.00, which the denomination had to make good.

So, while many of the States are having a hard time in keeping their papers going, North Carolina Baptists are to be congratulated upon the fact that the Recorder Company has an arrangement whereby they have been able to furnish the Recorder without one penny of cost to the denomination.

LIVINGSTON JOHNSON,
Editor.

**Of the 96 Associations here reported, 16 in Arkansas are Landmark, 39 in Texas affiliate with the B. M. A., and 6 to 8 in other States are Gospel Missioners or affiliate with the General Association of America, leaving about 900 in active co-operation with the Southern Baptist Convention.

*Unreporting Churches and Sunday Schools. A careful checking of our records for the past two years indicates that 1 out of 9, or 11.1 per cent. of the number of churches, and 1 out of 12 1-5, or 8 per cent. of the total membership of the churches; also 1 out of 12, or 8.3 per cent. of the number of the Sunday Schools and 1 out of 15, or 6.6 per cent. of the total enrollment of the Sunday Schools did not report to their Associations in 1920.

STATISTICAL SUMMARY

I am closing my fourteenth statistical report. For over four months I have made continued efforts to secure complete data. No reports have come from the Haywood, Liberty-Ducktown, Macon, South Mt., South River, Western North Carolina and Yancey Associations. In the others many churches made no reports or only partial reports. We wrote to over 250 churches trying to secure additional data. Many associational reports came in too late to get this additional information.

We carry the church membership in non-reporting churches for several years, but the membership of Sunday schools only one year after reports fail to give it. The Mission Sunday schools—nearly 100 of them—will far more than make good any membership counted when the school does not exist.

CHURCHES AND MEMBERSHIP.

There are 2,243 churches—a gain of 24. Some of these churches have been inactive for years and they ought to be dropped from our Associational rolls. There are 313,594 church members—a gain of 11,983.

BAPTISMS.

There were 20,328 baptisms—a gain of 4,240. This is a marked gain for one year. The greatest number in any year hitherto was in 1915 with 17,903. There were declines for four years. Last year there was a fine gain of 2,684 over 1919. Many Associations met before the meetings of the "Every-one-win-one" Campaign were held. It is probable that there were 22,500 baptisms in our churches in 1921. Of course some of these will be accounted for next year.

FINANCES.

Not so much money was given in 1921 as in 1920, but considering the stringency of the times in a period of financial reconstruction, the offerings were the greatest we ever made. The amounts are for associational fiscal years closing from May to November, and of course do not agree with the Convention fiscal year. The amounts reported are as follows: 75 Million undesignated, \$534,801.58; Missions, \$108,031.92; Orphanage, \$136,101.92; Christian Education, \$37,181.38; Ministers' Relief, \$4,954.38; Hospitals, \$17,586.83. Total, \$898,658.04.

PER CAPITA CONTRIBUTIONS

The per capita for the entire Convention is \$2.87, as compared with \$3.71 last year. The Associations giving above the average are: Beulah, \$4.10; Buncombe, \$5.72; Catawba River, \$3.57; Central, \$6.45; Chowan, \$3.64; Gaston, \$4.48; Kings Mt., \$3.02; Liberty, \$3.00; Mecklenburg-Cabarrus, \$6.20; Mt. Zion, \$4.70; Neuse-Atlantic, \$4.90; Pee Dee, \$6.90; Piedmont, \$6.99; Pilot Mt., \$5.65; Raleigh, \$4.64; Roanoke, \$5.42; Robeson, \$4.48; Stanly, \$3.45; West Chowan, \$3.32; Wilmington, \$3.86.

ASSOCIATIONS LEADING.

We give first and second place in each item: Number of churches, Roanoke, 67; Pilot Mt., 65. Church membership: West Chowan, 13,795; Chowan, 11,980. Baptisms: Pilot Mt., 907; Tar River, 899. Number of Sunday schools: West Chowan, 67; Pilot Mt., 65. Sunday-school membership: Pilot Mt., 9,603; Roanoke, 9,136. Total contributions: Pilot Mt., \$57,193.44; Mt. Zion, \$52,208.27. Per capita contributions: Piedmont, \$6.99; Pee Dee, \$6.90.

SOME AVERAGES.

The average church membership is 167. There was one baptism for every fifteen members. The average number of baptisms per church was nine, but hundreds of churches had no baptisms. The average contributions per church is \$400.65.

SUNDAY-SCHOOLS.

There are reported 2,154 schools—a gain of 25. Many Mission schools are not reported. The membership is now 247,699—a gain of 26,671. This is more than three times the average annual gain. If all Mission schools were reported there would be over 2,200 schools with a membership of about 253,000. The ratio of Sunday-school membership to church membership is now 79. In other words, for every 100 church members there are 79 people in our Sunday schools. The Piedmont leads with 117.2, and the Gaston is next with 109.5; Others above 95 are Mecklenburg-Cabarrus, 105.0; Johnson, 100.6; Catawba River, 99.7; Roanoke, 99.6; Raleigh, 98.5; South Yadkin, 97.7; Neuse-Atlantic, 97.4; Liberty, 95.8.

BAPTIST YOUNG PEOPLE'S UNION.

Total Unions to date, 611—a gain of 161. There are 505 senior Unions with a membership of 21,000 and 106 junior Unions with 6,000 members. More than 2,000 young people now hold B. Y. P. U. diplomas; total awards issued for study course work done during the year was 3,144, the majority of these were for advanced courses of study. The Bible Readers' classes numbers approximately 12,000. There are forty college and school unions. The State Convention held at Charlotte was attended by more than 1,200 delegates and visitors. The next Convention will be held at New Bern, June 13 to 15, 1922. There are two whole time workers, Perry Morgan State Secretary, and Miss Elma Leigh Farabow is Secretary of Junior work. The B. Y. P. U. office is 205 Biblical Recorder Building, Raleigh, N. C.

WOMAN'S WORK.

For the year closing February 28, 1921, the North Carolina W. M. U. organized 241 new societies—70 W. M. S., 85 Y. W. A.'s and G. A.'s, 15 R. A.'s and 71 Sunbeam Bands. The total number of societies reporting was 1,646. Total contributions were \$314,000.00—an 80 per cent. gain over last year's gifts. The W. M. U. Banner for the most marked improvement and for excellence of work was won by the Central Association, of which Mrs. J. F. Mitchiner, Franklinton, N. C., is Superintendent. This Association gave \$15,507.30. In Mission Study a 200 per cent. gain was made, 216 classes being reported and 509 certificates granted. The Personal Service work doubled that of the previous year.

COLLEGES AND SCHOOLS.

There are three colleges and five secondary schools under the State Convention. These have 131 officers and teachers with 2,625 students. The property is valued at \$2,204,893.21. Under the Home Mission Board there are nine schools with 75 officers and teachers and 2,625 students. The value of the property of these is \$554,000.00. We co-operate with four Southwide seminaries and Bible schools. These have 64 officers and teachers, 1,525 students, and property worth \$4,217,100.00. The grand total of all these is 270 officers and teachers, 6,050 students, and property worth \$6,975,993.21.

PREACHERS.

There will follow several lists of preachers and those who are studying for the ministry. A few names are used twice, but many others do not appear because full information was not given. Some are in the wrong list for the lack of accurate information. There seems to be 893 pastors and general workers. For the first time we publish the ordained ministers not pastors in a separate list. There seems to be 330 of these. The schools reporting give names of 196 ministerial students. Some are ordained and pastors, and others only licensed. Several schools failed to report.

ORDAINED MINISTERS.

When this list is closed fifty-nine Associations have sent in more or less complete statistical reports. The list was checked from 1920 Minutes in the Liberty-Ducktown, Macon, South Mountain, South River, Western North Carolina and Yancey Associations. The Haywood has not reported in two years.

We have added 188 new names, and 122 of these are pastors and 66 not pastors. The post-offices of 190 had to be changed. In erasures because of death, removal and no report this year and in other matters, it was necessary to make 293 other changes. To give the lists in the present shape has required 671 changes. To make these changes we have gone through the list over 200 times, entailing much work. Of course, the list is not correct now, but we have tried diligently to make it correct.

We make one material change with the consent of the Baptist State Convention in recent session, and that is to print the pastors and general workers in a separate list. The Annual of many Associations and of the Southern Baptist Convention follow this plan.

Following these lists we give as complete list as we could obtain of ministerial students in seminaries, colleges and schools:

MORE BOOKS IN THE HOME

"Books are the windows through which the soul looks out. A library is not a luxury, but one of the necessities of life. A little library growing larger each year, is an honorable part of a man's history. It is a man's duty to have books"—Henry Ward Beecher.

Select the right books for your children, or they may select the wrong ones for themselves. Start the children's bookshelf right. Good companions are always to be found in good books. A book given to the child is an investment in the future.
